Graphical interface contains three tabs. Upper left tab is Account information. Upper part of this window contains logout button and information about user's account such as:

- Name of the user.
- Account number of the user.
- Phone number of the user.
- E-mail of the user.
- Current balance of the user.
- Log in name of the user (Used to log in).

User can log out of the system by pressing the Logout button.

Lower part of the window contains part of user information which can be edited. These fragments are phone number and email. In order to change any of the fields user must put in new phone number (with or without country code) or e-mail and press Change Phone no. or Change E-mail, respectively.

Following window is going to appear after pressing any of the buttons. User must log out and log in again to see the changes.

Transfer money

A screenshot of the "Internet Banking" application window. The "Transfer money" tab is selected. The window title is "Internet Banking". The main content area is titled "TRANSFER MONEY". On the left side, there are two input fields: "Receiver account number" and "Transaction amount". At the bottom left, there is a "SEND" button. On the right side, there is the VIA BANK logo, which consists of a black circle with white dots forming a downward-pointing triangle, and the text "VIA BANK" below it.

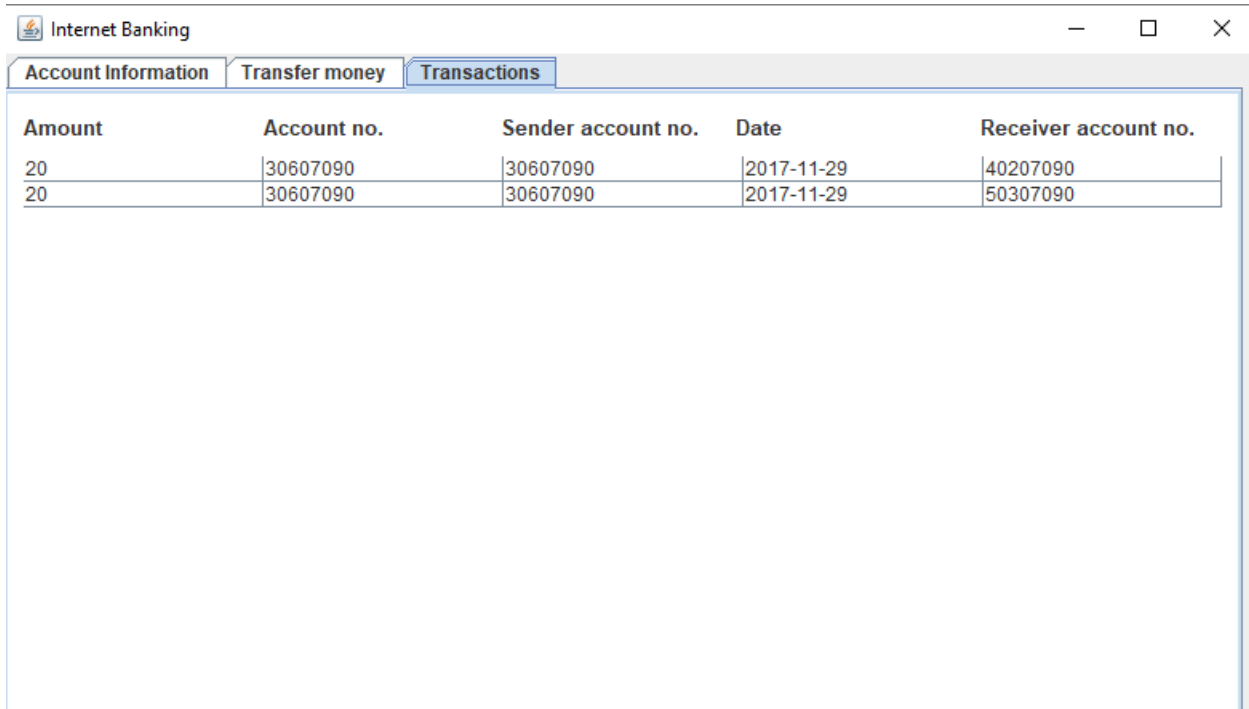

Transfer money tab is used to operate with your finances: send money to other accounts. This tab contains several fields on the left side. Each one of them must be filled in order to make a transaction. Following lines show the meaning of every field:

- Receiver account number- account number of the user who is going to receive money, transferred by this account.
- Transaction amount- sum of money, which is going to be transferred.

To transfer money from one account to another the user must fill in all of the two fields, situated on the left side, and press button SEND. Following window will pop up:

A screenshot of the "Internet Banking" application window, similar to the previous one, but with the "Receiver account number" field filled with "60507090" and the "Transaction amount" field filled with "110". A "Message" dialog box is now open in the center of the window, containing an information icon (i) and the text "Relog to new transactions". At the bottom of the dialog box is an "OK" button. The "SEND" button is still visible at the bottom left of the main window.

Transactions

Amount	Account no.	Sender account no.	Date	Receiver account no.
20	30607090	30607090	2017-11-29	40207090
20	30607090	30607090	2017-11-29	50307090

Transactions tabs displays information about previous incoming and outgoing transactions.

Amount- amount of money sent.

Account no.- account number of the user.

Sender account no.- account number of the user sending the money.

Date- date of transaction.

Receiver account no.- account number of the user who received the money.
