The Coega Development Corporation (CDC) has a wealth of built environment industry expertise it is spreading throughout South Africa by addressing skill shortages, unemployment, constrained planning and project management capacity, under-expenditure, sub-standard infrastructure, and inefficiencies through its project management services.

In this way, the CDC has expanded its role from managing the Coega Industrial Development Zone (IDZ) to acting as implementation agent on schools, hospitals and road-building projects, using its organisational expertise to drive socio-economic development in the Eastern Cape, KwaZulu-Natal and beyond.

At the forefront of its work is support of small, micro, medium-sized enterprises (SMMEs). Coega has developed turnkey programmes to support SMME development so it can not only build facilities, but change lives.
