

Sound Blaster X-Fi Surround 5.1 Pro

Turn your notebook into a 5.1 entertainment system featuring THX TruStudio Pro technology with Sound Blaster X-Fi Surround 5.1 Pro.

Sound Blaster X-Fi Surround 5.1 Pro turns your PC or notebook into a 5.1 entertainment system featuring THX TruStudio Pro technology with remote control. Easy to install, it replaces low-quality on-board audio with high quality connectivity and remote control. A convenient volume control, headphone and microphone inputs for a headset are close at hand. THX TruStudio Pro is specially designed to bring the same great audio experience found in live performances, films, and recording studios – to the PC. Dolby Digital Live! offers a single cable solution to your decoder for 5.1 audio from any content while PowerDVD (free download) with Dolby and DTS support turns your PC into a home cinema.

- **Easy to install, bus-powered USB2.0 Sound Blaster in a sleek and compact design.**
- **High-quality, gold-plated RCA stereo and optical digital out for best audio performance, plus convenient Microphone and Headphone jacks for internet chat.**
- **Compact IR Remote with mute and volume allows you to control playback of your music across the room.**
- **THX TruStudio Pro delivers the fullest audio experience for music, movies and games, while remaining true to the source and intention of the artists who created it.**
- **Dolby Digital Live! connects to your decoder or home theatre system through a single digital cable for compelling 5.1 surround sound from any source.**
- **Cyberlink PowerDVD software (free download) with DTS® and Dolby Digital®-EX decoding delivers an unbeatable DVD movie experience.**
