- ▶ 16 languages.
- ▶ Dimensions: 131(H)x225(W)x18(D)mm.

Technology

2 wires non polarised

Plug&Play

## Functions

### Touch screen

Digital TFT colour monitor with capacitive touch screen that facilitates an intuitive use.

3 shortcut buttons for a quick access without using the screen.

### Playback

After 3 seconds the monitor automatically records a video (in case there is a micro SD Card installed) or a picture (in case there isn't) of the visitors. While answering, you also have the option to manually take a snapshot of your visit.

The recorded videos/pictures from the outdoor panel will be played on the screen.

Capacity:  
118 pictures (without micro SD Card) or audio&video record up to 32G (with micro SD Card).

### Intercom

Establish communication with another installed monitor inside the house.

In the 2 apartments kit the option to call to another apartment is available as well.

### call record

All the calls from panel-to-monitor, monitor-to-monitor and between monitors will be recorded and can be reviewed afterwards.

Call record 01/08

↓ ▶	06-23	15:22	Inner call
↓ ▶	06-18	20:54	Outdoor Panel
↓ ▶	06-12	21:43	Outdoor Panel
↓ ▶	05-29	13:16	Inner call
↓ ▶	06-18	21:43	Outdoor Panel

### do not disturb

Take your time to relax.  
Activate the Do not Disturb in 1 HOUR, 8 HOURS or ALWAYS.

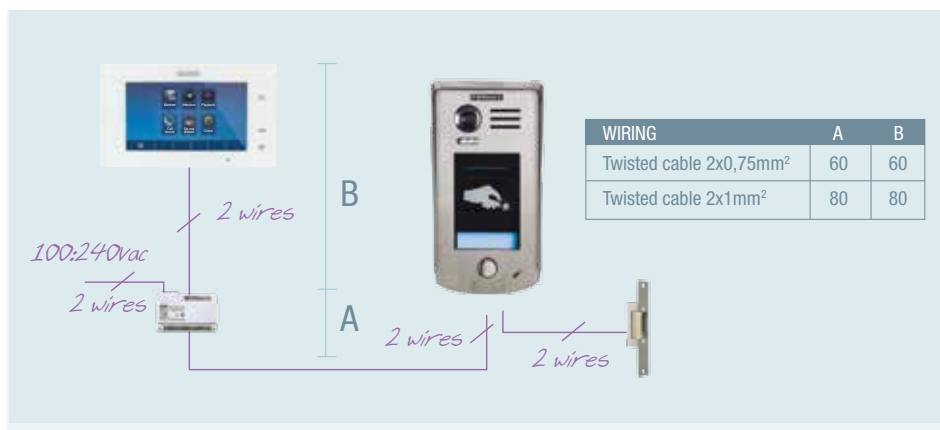

### Settings

Brightness, contrast, selection of melodies, date & time, scene mode (brightly, soft and user), ring volume for day time and night time, language selection (16 different), etc.
