Establishment of the Scheme

3. There is established a fisheries adjustment scheme in respect of the Fishery to be known as the “Shark Bay Prawn Limited Entry Fishery Adjustment Scheme”.

Objective

4. The Scheme is intended to reduce by not less than 8, and by no more than 10, the number of fishing units licensed to operate in the Fishery.

Terms

5. The terms of the Scheme are that—

(a) compensation, in an amount agreed between the Minister and the holder of the licence issued or endorsed under section 32 of the *Fisheries Act 1905*, shall be paid for the surrender of a licence under the Scheme; and

(b) a person who, under the Scheme, surrenders a licence issued or endorsed under section 32 of the *Fisheries Act 1905* shall be entitled to retain—

(i) any existing proprietary rights in the fishing unit to which that licence relates; and

(ii) all existing rights relating to areas other than the Fishery, allowed by that licence or any endorsement thereto.

Duration

6. The Scheme shall operate for 15 years beginning on the day of publication of this notice in the *Gazette*.

Scope

7. The Scheme is limited to not less than 8, and no more than 10, fishing units.

Eligibility

8. Any person who holds a licence to operate, or endorsed to allow operation, in the Fishery shall be eligible to offer that licence for surrender under the Scheme.

Manner of operation

9. The manner of operation of the Scheme shall be—

(a) invitations for offers to surrender licences shall be made in accordance with section 4 (4) of the Act;

(b) an offer shall be submitted to the committee assisting the Minister in the administration of the Scheme in the form approved by that committee;

(c) the committee shall consider an offer and negotiate with the offeror where it deems this to be appropriate;

(d) the committee shall advise the Minister whether to accept or reject the offer or to make a counter offer; and

(e) the Minister shall respond to each offer in accordance with section 4 (5) of the Act after considering the advice of the committee.

G. L. HILL, Minister for Fisheries.

PLANNING AND URBAN DEVELOPMENT

TOWN PLANNING AND DEVELOPMENT ACT 1928 APPROVED TOWN PLANNING SCHEME AMENDMENT

Shire of Murray

Town Planning Scheme No. 4—Amendment No. 3

Ref: 853-6-16-7 Pt 3

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act, 1928 (as amended) that the Hon Minister for Planning approved the Shire of Murray Town Planning Scheme Amendment on March 16, 1990 for the purpose of—

1. Rezoning Part Lot 1 Yunderup Road South, Yunderup from 'Rural' zone to 'Public Recreation/Conservation' Reserve, 'Residential' zone, 'Hotel/Motel' zone and 'Private Recreation' zone as depicted on the amending plan.
2. Coding land zoned residential within the Murray Lakes Golf Course Estate, R10, R12.5, R20, R30 and R40 as notated on the Amending Plan.
3. Amending the face of the Scheme Map accordingly.
4. Introducing an additional clause 6.8 into Part 6 of the Scheme Text to read—

“ 6.8 Murray Lakes Golf Course Estate

- 6.8.1 Subdivision and development of land within the Murray Lakes Golf Course Estate shall be generally in accordance with the Development Plan dated August 1989 being notated as Plan No. 88/47/3 and signed by the President and Shire Clerk.

6.8.2 Notwithstanding Clause 6.8.1, the State Planning Commission may approve a minor variation to the subdivisional layout and Council may approve minor variations to the Development Plan.

6.8.3 In the event that construction of a golf course estate has not been *"substantially started" within 30 months of rezoning, the developer shall be called before a Full Council Meeting to give reasons why the estate should not be rezoned to Rural. In the event that the developer has not given sufficient reason for the delay or within 90 days has not proceeded with works on site, then the Shire, without any compensation to or objections from the developer, may proceed with the rezoning back to Rural zoning.

*"substantially started": means planning approval has been given by council, building licence(s) issued & site works commenced.

M. GREENUP, President.
D. A. McCLEMENTS, Shire Clerk.

TOWN PLANNING AND DEVELOPMENT ACT 1928
APPROVED TOWN PLANNING SCHEME AMENDMENT

Town of Kwinana

Town Planning Scheme No. 1—Amendment No. 58

Ref: 853/2/26/1, Pt. 58

It is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act 1928 that the Hon. Minister for Planning approved the Town of Kwinana Town Planning Scheme Amendment on March 12, 1990 for the purpose of:

A. By amending Part V (General Provisions) Clause 5.5 to read as follows:

1. 5.5 Minimum permissible setbacks from boundaries

The minimum setback from boundaries for a building of any Occupancy Class shall be determined by Council, but shall not be less than the minimum setbacks given in Table III, except that Council at its absolute discretion may approve setbacks less than shown in Table III in the following cases:

5.5.1 Residential Zone

5.5.1.1 (1) The Council may, in a particular case, vary the required building setbacks providing it is satisfied that such a variation is desirable.

(2) Before deciding to vary the building setback requirements the Council shall take into consideration:

(a) the effect on any adjoining lot, if such variation is implemented, having regard to the zoning, the existing buildings and structures and the use of such lot;

(b) any unusual or irregular condition relating to the shape or size of the subject lot or any adjoining lot; and

(c) the relative ground levels of the subject lot and any adjoining lot.

5.5.1.2 (1) Where, in the opinion of the Council, a proposed variation of building setback requirements may significantly affect an adjoining property, the Council shall cause the owners and occupiers of such property to be advised in writing of the proposed variation, and afforded reasonable access to the plans of the proposed development for a period of not less than 14 days commencing on the date of notification.

(2) In such cases the Council, before determining the application, shall have regards to any submissions received in respect of the proposed variation within the period of 14 days as specified in subclause (1).

5.5.1.3 Without affecting the generality of Clause 5.5.1.1, when requested by the applicant, the Council shall give consideration to a variation of building setback requirements if 1 or more of the following circumstances apply:

- (a) the zoning and/or use of adjoining land is not residential;
- (b) the subject lot adjoins a right of way or pedestrian accessway;
- (c) a building line or street setback has been determined by the Council for the street and existing buildings in the street do not conform to the street setback;
- (d) where, in a particular case, the interests of visual amenity would be better served by permitting a variation; or
- (e) a lot has boundaries to 2 or more streets.

5.5.1.4 Any variation of a building setback requirement under Clause 5.5.1.3 shall accord with 1 of the following:

- (a) where the subject lot adjoins a right of way or a pedestrian accessway, the setback from that boundary may be reduced by up to half the width of the right of way or accessway;
- (b) where a lot has boundaries to 2 or more streets, the setback from the less important street or streets may be reduced to not less than 1.5m provided that adequate provision is made for traffic sight lines.
- (c) the setback of a building from the street or rear boundary may be reduced by up to 50%, provided that the area contained by that boundary and the building projected onto that boundary (as illustrated in Figure 1) is not less than would be the case where the setbacks set out in Table III complied with.

Figure 1

5.5.1.5 Outbuildings—Setbacks from Principal Frontage

5.5.1.5.1 Irrespective of Clause 5.5.1.4 no enclosed or partially enclosed outbuilding detached from a residence shall be constructed at a distance from the principal frontage less the minimum front setback specified in Table III, unless it is constructed of brick, stone, masonry or concrete and its external colour, texture and finish produce an appearance compatible and in harmony with materials used on the external walls of the residence, to the satisfaction of Council.

5.5.1.5.2 All other outbuildings may not be constructed a distance of not less than 50 per cent of that distance specified in Table III from the principal frontage. In the case of roofed outbuildings, the area of the structure shall be included in the calculated area of the residence for the purpose of complying with the formula specified in Clause 5.5.1.4. (c) (Figure 1). Unroofed unenclosed outbuildings which are attached to the dwelling shall not be required to satisfy Clause 5.5.1.4 (c) (Figure 1).

5.5.1.5.3 Outbuildings may be approved at a zero setback from side and rear lot boundaries, provided that the method of construction and materials used comply with the fire resistant level requirements of the Building Code of Australia and such outbuilding shall not be included in the calculation of rear average setback prescribed under Clause 5.5.1.4.(c), however no outbuilding with a reduced side setback will be permitted in front of the setback line specified in table III.

5.5.2 Industrial Zone

Within the Industrial Zone Council may, at its absolute discretion, vary minimum side and rear boundary setbacks to less than those distances required in Table III provided the following requirements are met:

- 5.5.2.1 The reduced setback applies to not more than one lot boundary per free standing building and not more than two boundaries per lot.
- 5.5.2.2 The development on the lot does not exceed the maximum permissible site coverage specified in Clause 5.4 (Diagram 2) and maximum permissible plot ratio specified in Table II (Diagram 1).
- 5.5.2.3 The method of construction and materials used comply with fire resistance level requirements of the Building Code of Australia.
- 5.5.2.4 The wall facing the boundary to which a reduced setback is granted does not exceed six (6) metres in height.

5.5.3 Commercial Zone

Within the Commercial Zone Council may, at its absolute discretion, vary setbacks to boundaries to less than that shown in Table III provided that it is satisfied that:

- 5.5.3.1 No obstruction is caused to the footpath, services on road carriageway.
- 5.5.3.2 The setback is in keeping with setback distances of development on adjoining lots.
- 5.5.3.3 The amenity of the locality is not impaired.
- 5.5.3.4 All vehicle parking can be accommodated within the lot boundaries or arrangements can be made by the landowner to the satisfaction of Council to accommodate vehicle parking elsewhere in the vicinity.

5.5.4 General

When considering requests for approval to setback variations described in Clauses 5.5.1 to 5.5.4 Council shall have due regard for the following:

- (1) The effect on the privacy of adjoining lots.
- (2) The effect on the amenity of adjoining land through overshadowing.
- (3) The extent of noise transmission.
- (4) The effect on the streetscape.
- (5) Possible obstruction or hindrance to movement, use or activity on adjacent land.
- (6) Undercutting or overbearing of development on adjoining land.
- (7) The discharge of stormwater runoff onto adjoining land.
- (8) Obstruction of the safe movement of traffic.

By amending Table III (Minimum Setback from Boundary) to delete the words "Within the Residential Zones Area set out in Schedule 3, the minimum front setback required is 9 metres" and, deleting Schedule 3 from the Scheme Text.

D. J. NELSON, Mayor.
R. K. SMILLIE, Town Clerk.

City of Gosnells
Town Planning Scheme No. 17
Huntingdale

1.0 CITATION

This Town Planning Scheme may be cited as the City of Gosnells Town Planning Scheme No. 17 Huntingdale (hereinafter called "the Scheme") and shall come into operation on the publication of notice of the Hon Minister for Town Planning's final approval thereof in the *Government Gazette*.

2.0 RESPONSIBLE AUTHORITY

The Authority responsible for enforcing the observance of the Scheme shall be the Council of the City of Gosnells (hereinafter referred to as "the Council").

3.0 MAPS

The following maps are attached to this text and form part of the Scheme.

- (i) Land Use Map
- (ii) Scheme Map
- (iii) Service Map

4.0 SCHEME AREA

The Scheme area shall apply to the land contained within the inner edge of the hatched black line as shown on the Scheme Map. The said land is hereinafter referred to as "the Scheme Area".

5.0 GENERAL OBJECTS

The general objects of the Scheme are:

- (a) To facilitate and co-ordinate progressive subdivision and development of the land within the Scheme Area.
- (b) To provide adequate vehicular accessibility to and from the Scheme area and to plan suitable roads and pedestrian accessways within the Scheme Area.
- (c) To plan within the Scheme Area and make provision for Public Open Space in accordance with Council's Public Open Space Guidelines.
- (d) To ensure the proper drainage of the roads and of those parts of the Scheme Area which require drainage or other such works.
- (e) To make provision for the creation of drainage reserves and easements.
- (f) To ensure the provision of services such as reticulated water and sewer throughout the Scheme Area.

6.0 METHOD OF CARRYING OUT OBJECTIVES AND LAND REQUIREMENTS

6.1 The Scheme Map forms a basis for subdivision and development of the Scheme Area but the Council may, with the consent of the State Planning Commission, provided that the applicant provides evidence that all adjoining owners have been given 21 days written notice by Certified Mail of the application prior to its submission, permit alterations or variations to the Scheme Map where in its opinion circumstances justify such action, provided that no such alteration or variation shall be permitted if in the opinion of the Council it would impede the subdivision and development of the Scheme as a whole.

6.2 As and when owners of land within the Scheme Area subdivide or develop their land such subdivision or development shall not only be according to a plan which is capable of forming part of an overall plan of subdivision for the Scheme Area but shall also comply with the conditions of development for the Scheme Area as contained within the Scheme.

6.3 All land that is necessary for the provision of Roads, Road Widening, Drain Reserves, Footways/Cycleways and Public Open Space shall be provided by the owners under the terms of this Scheme and in accordance with the Scheme Map.

6.4 Where an owner of land within the Scheme Area wishes to subdivide his land he shall transfer to the Crown free of charge all land required for Roads and Footways within his subdivision and 10% of the total area of his land for Public Open Space, or such other area of his land as is designated on the Scheme Map for Public Open Space. With the approval of the State Planning Commission the land may be transferred to the Council in fee simple.

6.5 The Council may, at its discretion, acquire any land required for Scheme purposes ahead of subdivision development either by negotiation or resumption or partly by one method and partly by the other.

7.0 SUBDIVISION

7.1 An owner of land within the Scheme Area who desires to subdivide his land either alone or in conjunction with other owners shall submit a plan of proposed subdivision to the State Planning Commission as required by the Town Planning and Development Act 1928 (as amended).

8.0 ROADS

8.1 Where a proposed subdivision as shown on the Scheme Map creates lots fronting a constructed road or an unconstructed road, then the construction and drainage to Council's specifications of that road shall be at the expense of the owners of the land abutting that road unless the road is a Scheme Road as specified in clause 13.1 in which case the provisions relative to Scheme Costs shall apply.

8.2 Subject to the following clauses all new roads within the Scheme Area shall be constructed and drained at the expense of the owner of the land therein and each owner shall when subdividing his land make the land available for the roads and pay the cost of the construction and drainage of the roads within the land owned by him.

8.3 The Council may construct and drain any subdivisional roads within the Scheme Area and acquire the land necessary for that purpose. If the Council shall do so prior to the subdivision of the lands adjoining such roads the costs of the construction and drainage of the said road and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by the respective owners of land in accordance with the foregoing provisions as and when they subdivide their land.

8.4 If an owner shall subdivide his land and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of the land for a new road within the Scheme Area he shall before the approval of his plan of subdivision release the Council from the payment of compensation or if payment has been made by the Council then the owner shall refund to Council the amount of compensation plus interest calculated at the rate specified within sub-clause 13.3(a) herein paid by it to him or his predecessors in title as the case may be.

8.5 In cases where the situation of a new road within the Scheme Area is such that it would be fair and equitable that the owners of adjoining land should each contribute to the cost of the construction or drainage of that road and apportion the value of the land made available for roads and such owners are unable to agree upon the amount (if any) payable by each of them the amount (if any) payable by each owner shall be determined by arbitration in the manner hereinafter provided.

9.0 FILLING, LEVELLING AND FENCING OF LAND

9.1 All filling and levelling of land and other earth works necessary for subdivision shall be carried out by or at the expense of the owner whose land is being subdivided.

9.2 All lots with side or rear boundaries abutting Warton Road, Southern River Road, Huntingdale Road and Garden Street will be provided, at the subdivider's cost, with uniform fencing (to a minimum standard of capped asbestos sheeting attached to brick piers at a 6m spacing) along the common boundary with the abovementioned roads.

10.0 NATIVE TREES

10.1 So far as is practicable and consistent with the economic subdivisional development of land, existing trees and shrubs are to be retained. The Council may mark specific trees or groups of trees and these trees are to be retained unless approval is given by Council, in writing, for their removal.

11.0 PUBLIC OPEN SPACE

11.1 The land shown on the Scheme Map as "REGION OPEN SPACE" does not form part of the Scheme responsibility and may be acquired by separate negotiation by the State Planning Commission.

11.2 The land designated Public Open Space on the Scheme Map is to be reserved for Public Recreation.

11.3 The Council may as and when it deems fit acquire the said lands designated Public Open Space or any parts thereof whether by purchase or resumption or partly by one method and partly by the other.

11.4 Each owner of land within the Scheme Area, when subdividing his land and subject as hereinafter provided, shall vest in the Crown or, with approval of the State Planning Commission, transfer to the Council all the land shown as Public Open Space within the parcel(s) of land being subdivided by him, or such other areas as the Commission requires.

11.5 If the owner or a previous owner of a parcel or parcels of land the subject of subdivision has as a condition of a previous subdivision transferred to Council land for public open space, then the area of land required to be transferred to the Council under Clause 11.4 shall be reduced to the extent that the contribution does not exceed 10% of the original gross area.

11.6 If, within a parcel of land the subject of subdivision, the Scheme requires either no Public Open Space, or requires a lesser amount than the normal 10% provision, the Council and the owner shall agree on a land transfer or a cash equivalent, or a combination of land and cash, so that the owners contribution equals one tenth of the value of the land the subject of the subdivision.

11.7 If the Council purchases or has purchased, compulsorily or otherwise, land within the Scheme Area for the purposes of public open space it shall be reimbursed, at a market value at the time of reimbursement, and all costs paid by it from monies received in lieu of public open space contributions, provided that the total area of land provided for public open space is not less than ten percent of the gross subdivisible scheme area.

11.8 If within a parcel of land the subject of subdivision and development more than one-tenth is required by the Scheme for Public Open Space the Council shall pay to the Owner by way of compensation the value of the land exceeding the said one-tenth. If the Council and the owner so agree the Council may transfer to the said owner other land in or near the Scheme area either owned by the Council or acquired by it for that purpose to compensate him for the land in excess of the said one-tenth required by the Scheme in which case the amount payable by the Council to the Owner shall be reduced accordingly.

11.9 If the Council shall have compulsorily purchased land for Public Open Space or roads drainage purposes it shall be reimbursed all compensation and costs paid by it from money received by it from the sale of land or under preceding clauses hereof and upon the owner from whom the land was compulsorily purchased subdividing his land the value of one-tenth of his land to be made available for Public Open Space or other scheme purposes hereunder shall be assessed on the basis that such land had not been compulsorily purchased.

12.0 SCHOOL SITES

12.1 The parcels of land shown on the Scheme Map as 'Primary School' and 'School Site(s)' are reserved for that purpose by the Scheme and the Ministry of Education will be responsible for their acquisition if required.

13.0 SCHEME COSTS

13.1 The costs or estimated costs of the following items are hereinafter referred to as "Scheme Costs."

- (i) Any costs or expenses incurred by Council in the preparation, adoption, administration, conduct, management and development of the Scheme including consultants' fees.
- (ii) All compensation payable and all the costs and expenses of determining and settling compensation in respect of matters under the Scheme.
- (iii) The cost of the acquisition of any land within the Scheme Area for Scheme purposes in the event of such land being acquired other than by resumption.
- (iv) "Drainage Headworks" as described in Clause 13.4
- (v)
 - (a) The costs of the upgrading, construction and drainage to the satisfaction of Council, for those roads or portions thereof as shown as Scheme Roads on the Services Map.
 - (b) The cost of constructing a pedestrian accessway/cycleway in the verge on one side of the roads within the Scheme Area as shown on the Services Map.
 - (c) The cost of road treatment and closures as shown on the services map.
 - (d) The cost of developing and landscaping drainage compensating basins.
- (vi) The relocation of any existing services caused by Scheme Works.
- (vii) Any interest charges on monies raised by Council for the purpose of the Scheme.

13.2 (i) In the event of a landowner providing funds or constructing works after the date of the resolution to prepare the Scheme in respect of any Scheme works including the extension of any main drain, to serve and expedite development in the Scheme Area PROVIDED THAT the cost of such works would otherwise be a Scheme Cost, and that the landowner complies with the Scheme and pays Scheme Costs as outlined within the preceding clause in full, the Council may reimburse the original subdivider from Scheme funds as and when funds are available plus interest at the rate specified within provision 13.3(a) to the extent that it considers to be fair and equitable and include such sum in Scheme Costs PROVIDED THAT such reimbursement shall not exceed an amount which represents the proportion of such works which would not be the landowner's costs under the Scheme.

(ii) With reference to sub-clause 13.2. (i) above, in the event that the subject landowner receives subdivisional approval or completes subdivision prior to gazettal of the final approval of the Scheme and has not made full payment for Scheme Costs as outlined within Clause 13 then any reimbursement will be calculated only on the expenditure on Scheme Works which exceeds the total Scheme Cost payable if subdivision had occurred after gazettal of final approval of the Scheme.

13.3 The amount for Scheme Costs shall be calculated at the time of total payment or revised at the time of pro-rata payments and shall be the lesser of:

- (a) the actual costs of the works compounded annually at 10% as an inflationary factor.
- (b) the estimated costs of the works at the time of full or part payment determined by an independent expert and in default of agreement, by arbitration.

13.4 DRAINAGE HEADWORKS

The cost of construction and laying of the drain lines, compensating basins and outfalls as shown on the Services Map.

13.5 The cost of establishing drainage basins.

14.0 PAYMENT OF SCHEME COSTS

14.1 Subject to the provisions of this Scheme each owner shall, prior to the final approval by the State Planning Commission to the subdivision of his land, pay to the Council an amount which bears the same proportion to the total Scheme Costs as the area of the owner's land being subdivided bears to the whole of the land that is privately owned within the Scheme Area and this may be expressed on a lot basis.

14.2 A contribution of Scheme Costs is not required from the Ministry of Education for School sites, nor the owner of Lots 1591 and/or 1592 if these lots are used for school purposes.

The Ministry of Education and/or the owner of any property used for school purposes will pay the following contribution to abutting subdividers:

- (i) half cost of all new perimeter roads around the school site;
- (ii) half cost of new water mains adjoining the school site;
- (iii) half the cost of any new mains for sewerage, drainage and stormwater disposal continuous to the boundary of the school site and the full cost of any contiguous extension mains.

14.3 If an owner disagrees with Council's determination of his proportion of Scheme Costs the matter may be determined by arbitration, in the manner specified in Clause 17, providing that the owner notifies Council that he wishes to take the matter to arbitration within 30 days of receiving notice of his costs.

14.4 If Scheme Costs have not been paid in accordance with Clause 14.1 hereof and Council has expended a sum of money for any items of Scheme Costs, it shall be entitled to charge interest on the sum of money expended at the rate negotiated by Council to fund the Scheme.

15.0 ESTIMATE OF SCHEME COSTS

15.1 If any of the items of Scheme costs have not been paid or ascertained prior to the State Planning Commission's final approval of a Plan or Diagram of Survey for a parcel of land they may be estimated by the Council. Such estimate may be revised from time to time and the owners advised accordingly. The owners will be responsible for the payment of any additional monies as and when required by Council prior to the State Planning Commission final approval of a Plan or Diagram of Survey.

16.0 VALUATION

16.1 Where it is necessary to ascertain the value of any land for the purpose of the Scheme, the value shall be assessed by the Chief Valuer of the Valuer General's Office, one of his officers or such other valuer being a member of the Australian Institute of Valuers (Inc) as Council determines.

16.2 If an owner objects to the value so determined, he may give notice of such objection to the Council within twenty-eight (28) days after having been informed of the said value. If the valuer does not agree to change the value to a figure acceptable to the owner, the value shall be determined by arbitration.

16.3 When it becomes necessary to make a valuation by reason of an application for consent to a subdivision or development, the costs of the valuation shall be paid by the person making the application.

16.4 If a valuation made by the valuer shall be changed as the result of an objection the valuer may reconsider the values placed on the other land and make such revaluations as he considers just and equitable. The owners affected by such revaluation shall forthwith be notified of any change in value.

17.0 ARBITRATION

Any dispute or difference between the owners or an owner or owners and Council (except where there is a right of appeal to the Hon Minister for Town Planning) as to their respective rights under the Scheme and any matter which by the terms of this Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in the manner provided by the Arbitration Act 1895, or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator he will be nominated by the President of the Australian Institute of Valuers (Inc) WA Division. The Arbitrator shall allocate costs in the dispute.

18.0 MONEY RECEIVED BY COUNCIL

The Council shall establish a Scheme Fund separate to its general revenue for the sole purpose of receiving all contributions to Scheme Costs required to be paid to the Scheme and for paying for the various services and Improvements strictly in accordance with this Text.

19.0 FINANCE

19.1 The Council may if it so desires, raise loans or provide funds from other sources for the purpose of providing the finance necessary for the implementation of the Scheme.

19.2 In the event of money received by Council pursuant to the provisions of the Scheme being greater than the amount necessary to repay any loans and interest thereof or other money to carry out the general objects of the Scheme, the balance thereof shall be applied by the Council in further improvements and facilities within or near the Scheme Area.

20.0 POWERS OF THE COUNCIL

20.1 In carrying out the provisions of the Scheme the Council shall have the following powers and authorities subject to the arbitration provisions of Section 18:

- (a) To enter and inspect any land within the Scheme Area and to carry out works either by itself, its agents, employees or nominees that are pertinent to the Scheme.
- (b) To make arrangements with the owners or occupiers of the land within the Scheme Area in respect of any matters affecting the Scheme.
- (c) To make arrangements with the Water Authority of Western Australia or any other Government instrumentality concerning any matters relating to the Scheme.
- (d) To enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area.
- (e) To purchase, develop and sell land within the Scheme Area.
- (f) If any owner of land within the Scheme Area does not proceed with the subdivision and development of his land in accordance with the terms of the Scheme, and his failure to do so in the opinion of the Council, will unduly delay or impede the completion of the Scheme or the subdivision and development of the Scheme Area, or any part thereof, the Council shall notify the owner of its opinion, and may resume or purchase the land of such owner or any part thereof, and proceed with the subdivision and development of such land in accordance with the provisions of the Scheme.
- (g) In the event of the Council exercising its powers under paragraph (f) hereof, it shall have all the powers of the owner in the subdivision development and disposal of the Land acquired by it. If the land shall have been resumed, and the owner had not been paid compensation for the resumption of his land the Council shall, before selling the land so subdivided and developed, offer the new lots to the owner from whom the land was resumed upon his paying to the Council all costs and expenses consequent upon the operation of the Scheme, the resumption, subdivision and development of the said land, and upon his releasing Council from all claims for compensation in respect of such resumption.
The said offer shall be made in writing, and if not accepted within one calendar month of the service thereof, the Council may proceed with the sale of the subdivided lots. All money received by it from such sale shall be applied by the Council firstly in payment of all costs consequent upon such subdivision and the operation of the Scheme, and secondly in payment of all compensation in respect of the said land. The balance (if any) of such money will be retained by the Council and the Council will make good any deficit. An offer may be served by registered post, sent to the owner at his address in the rate book of the Council, and shall be deemed to have been served forty-eight (48) hours after posting.
- (h) If the offer mentioned in paragraph (g) hereof be not accepted, the Council may retain all or any part of the said land, but if it does so, it shall be responsible to pay all costs of the subdivision of the said land including Scheme costs and compensation for its resumption not paid from the proceeds of the sale.
- (i) The Council may resume any land within the Scheme area for Scheme purposes, or in order to make it available for a particular use shown in the Scheme Map in cases where the owner thereof will not agree to make the land available for that purpose in accordance with the provisions of the Scheme.
- (j) To dispose of any lot or lots to which it becomes entitled, whether under paragraphs (f) or (i) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing provisions of this paragraph the Council may sell the lots singularly or in groups and subject to or with the benefit of easements.
- (k) Extend the time within which payments are to be made to the Council and agree to the securing of such payments.
- (l) To raise loans and/or to establish separate funds for any matters appertaining to the Scheme.
- (m) Make payments on accounts of any of the matters referred to in Clause 13 hereof.

21.0 ADMINISTRATION OF WORKS AND ACQUISITION OF LAND

21.1 Twenty-eight (28) days written notice is hereby prescribed as the notice to be given pursuant to Section 10 of the Town Planning and Development Act 1928. Any expenses incurred by the Council under the said Section may be recovered from the person in default as a simple contract debt in such Court of Jurisdiction as is competent to deal with the amount of the claim.

21.2 The Council may at any time exercise the powers conferred by Section 13 of the said Act.

21.3 In this Scheme the word 'lot' has the meaning given to it by the Town Planning and Development Act 1928, but does not include a lot on a Strata Plan.

22.0 COMPENSATION

22.1 Claims for compensation by reason of the coming into operation of the Scheme shall be made within six months of the date of the Scheme's final gazettal.

22.2 If an owner shall claim compensation for the resumption from him of land to be used as a road or for drainage purposes there shall be set off against the amount of compensation payable to him, the amount by which the value of the remainder of his land has been or will be increased by the construction of the roads or drainage within the Scheme Area and by the operation of the Scheme.

22.3 If an owner shall subdivide his land and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of the land for a new road within the Scheme Area he shall, before the approval of his plan of subdivision, release the Council from the payment of compensation or if payment has been made by the Council then the owner shall refund to the Council the amount of compensation paid to it by him or his predecessor in title as the case may be.

23.0 LAND OWNED OR ACQUIRED BY THE COUNCIL

All or any of the land now owned by or subsequently acquired by the Council within or near the Scheme Area may be used by the Council for any purposes appropriate to the Scheme. If such purpose is one for which an owner is required to make land available, or for which land may be acquired by the Council pursuant to this Scheme the Council shall be compensated for the value of the land so used by the Council. If the Council shall subdivide or develop any land owned by it, the provisions of this Scheme shall apply to the Council.

Adopted by resolution of the Council the City of Gosnells at the ordinary Meeting of the Council held on 20 December 1988.

P. MORRIS, Mayor.
G. WHITELEY, Town Clerk.

Adopted for final approval by resolution of the City of Gosnells at the Ordinary Meeting of the Council held on 25 July 1989.

GOVERNMENT GAZETTE NOTICE

Commencing in January 1990 the *Government Gazette* appears in its new format.

The changes begin with a new cover design and are followed by notices listed under the responsible department. These departments appear in alphabetical order of their proper name i.e. disregard Department, Office, Authority etc.

The wording of some notices has also been changed to simple English enabling a clearer understanding.

Under each of the headings, notices will appear in order of:

- Proclamations
- Orders in Council
- Rules, Regulations, Orders, By-laws etc.
- General Items.

The contents will remain on the last page and is more comprehensive with cross-referencing in some instances.
