

A large black iFootage Mini Crane M1-III is shown in operation on a rooftop. The crane's long arm extends across the frame, holding a professional camera with a lens. The background features a cityscape with a prominent building that has a blue facade and a large glass skylight. The scene is lit with the warm, golden light of sunset or sunrise. The crane's joints and adjustment points are highlighted with red accents.

iFootage Mini Crane M1-III

Square tube for high rigidity

- Focus shooting
- Damping adjustment
- Compatible with any tripod

OUTLINE
