# Money?

In life, money is needed to satisfy family needs for education, food, clothing, shelter, health, vacation and others. Money is needed to survive and live a decent life. Money is a necessity.

Money is life!

To experience real money in life is the money owned and used by the rich. Being rich is better than being poor. Why? The rich are in the best position with great opportunity to help others and can contribute more for society's betterment. Ellen G. White said. "Money is not necessarily a curse. It is of high value because if rightly appropriated, it can do good in the salvation of humanity, in blessing others who are poorer than ourselves. (Growing A Happy Home, p. 167)"

Money has ripple effects.

Now, the next item is how to get rich.

To get rich is to have "Multiple Source of Income".

Multiple Source of Income is to have financial resources sufficient enough to support your chosen lifestyle and your needs at any given time even you stop working to generate an income. Multiple Source of Income is a continuous piling up of assets to accumulate more than enough financial resources to earn financial freedom.

Financial Freedom + Healthy Lifestyle is perpetual satisfaction of family's needs plus an opportunity to help others who are poorer than ourselves.

## Referral

Commonly, consumer's products are highly publicized through free endorsement in a "tsismisan" session. People are commonly endorsing anything for merely "tsismisan" and unknown to the endorser that he or she earns nothing.

Unknown to many, this "tsismisan" is actually Referral.

Referral is an act of endorsing product that you are loyal with. Referral is consumerism then endorsement.

But in Nucleon+ "pinagkitaan ang tsismisan".

Due to Nucleon + installed system named "Profitable Referral System", the consumer can have a readily, functional livelihood or "NEGOSYO" that can explode to a multi-million passive
