ASH JEWELLERY
PRACTICAL FUNERAL ACCESSORIES

Shaw's Funeral Products, a division of Shaw & Sons, founded in 1750, are suppliers of high quality commemorative items and specialist accessories for funeral professionals.

Foremost is a range of unique ornamental ash caskets in a variety of materials and styles, from the traditional to the ultra-modern. Most of these exquisite items are hand made by craftsmen and all pass stringent quality tests to ensure that they are amongst the finest urns available anywhere. The following pages feature our range of exquisitely crafted cremation urns. These beautiful pieces come in a wide variety of materials and in styles that range from the traditional to the ultra-modern.

Every urn is meticulously checked to ensure it is of the highest quality and blemish-free.

Many of the following urn designs are patented to ensure that they cannot be copied; however, it has not been possible to patent all the designs and buyers should be aware that similar products available elsewhere may not be made to the same exacting standards.

All urns shown here are available from stock. However, we are able to supply a great many other styles to special order: our complete range can be seen on our website www.shawfuneralproducts.co.uk

This icon symbolises that the item is part of the LoveUrns™ collection, a high-quality designer range of brass urns.

Bespoke Urns

Immortalise your loved one in the highest esteem using bespoke sculptural urns.

Solid Silver Urn

Shaw's Funeral Products have created the ultimate vessel for containing the ashes of a loved one: a solid silver ornamental ash casket.

Created by top British designers and skilled craftsmen, this handcrafted urn provides the means for the more affluent bereaved to preserve the memory of a loved one in the highest esteem while creating a unique and stunningly beautiful *objet d'art* for the family home.

Retailing at £12,960 (£10,800 + VAT), this urn will not be for the average customer.

However, it will appeal to the wealthier discerning client looking for a striking piece of modern art with a difference.

Sculpted Memory Urns

A sample of a loved one's ashes fused with sculptured cast glass creates a beautiful and stunning ornamental piece.

There are five carefully designed sculptures to choose from. All are presented in an elegant gift box as standard.

A silver engraveable stand is available with tealight holder to subtly illuminate the sculpture from behind using the powerful symbol of a lit candle.

Heart and Star Miniature Keepsake Urns

These simple but stylish brass keepsakes are a perfect way of keeping cremated remains discretely. Inside each of these elegant, hand-crafted miniatures is a hidden chamber that will hold and protect a memory of a loved one.

All of the styles (except HUH 271) shown in this section have a capacity of 0.08 litres, measure 7 centimetres and weigh 0.27 kilograms.

Our beautifully handcrafted pendants are easily filled and sealed. They can hold a loved one's cremated remains, lock of hair or dried ceremonial flowers. Most designs are available in either sterling silver or gold plate vermeil.

The Nature Inspired Collection is designed with the animal and nature lover in mind – a lovely way to remember the loss of a family member.

The Filigree Collection replicates old world art. The intricate detail of the filigree design appeals to those wanting a unique antique style.

Our Traditional and Contemporary Collection features an extensive range of pendants which will appeal to many different faiths, age groups and genders. The designs may be worn on a key chain, charm bracelet or necklace chain.

Two rather special services can now be provided: diamond engraving of an image or text upon a pendant, and designs that incorporate a micro-lens to enlarge a miniature image of a loved one that is incorporated in the keepsake itself.

Our bestselling items are available from stock. However, please note that some jewellery items, and personalised pendants, are to special order and subject to two to three weeks' delivery.

Prized for its health benefits as well as its long-lasting beauty, titanium is stronger than steel yet surprisingly lightweight. Titanium is non-magnetic and hypoallergenic, which makes this unique material ideal for everyday wear.

Titanium is not engraveable.

Necklace chain links are not adjustable.
