- Alaska Park Connection Motorcoach
- Alaska Railroad
- Sunshine Transit

SHARE THE TRAILS: There are many kinds of trail users year-round; please be considerate of others. Some hiking trails are used by mountain bikers. When there is no snow, dog teams train pulling wheeled-sleds. In winter, skiers and snow machiners may share trails with dog teams pulling sleds. People operating ATVS or snow machines must pay special attention to local laws and pedestrian and vehicle crossings on ATV trails. Private property laws are enforced in Alaska, so don't trespass!

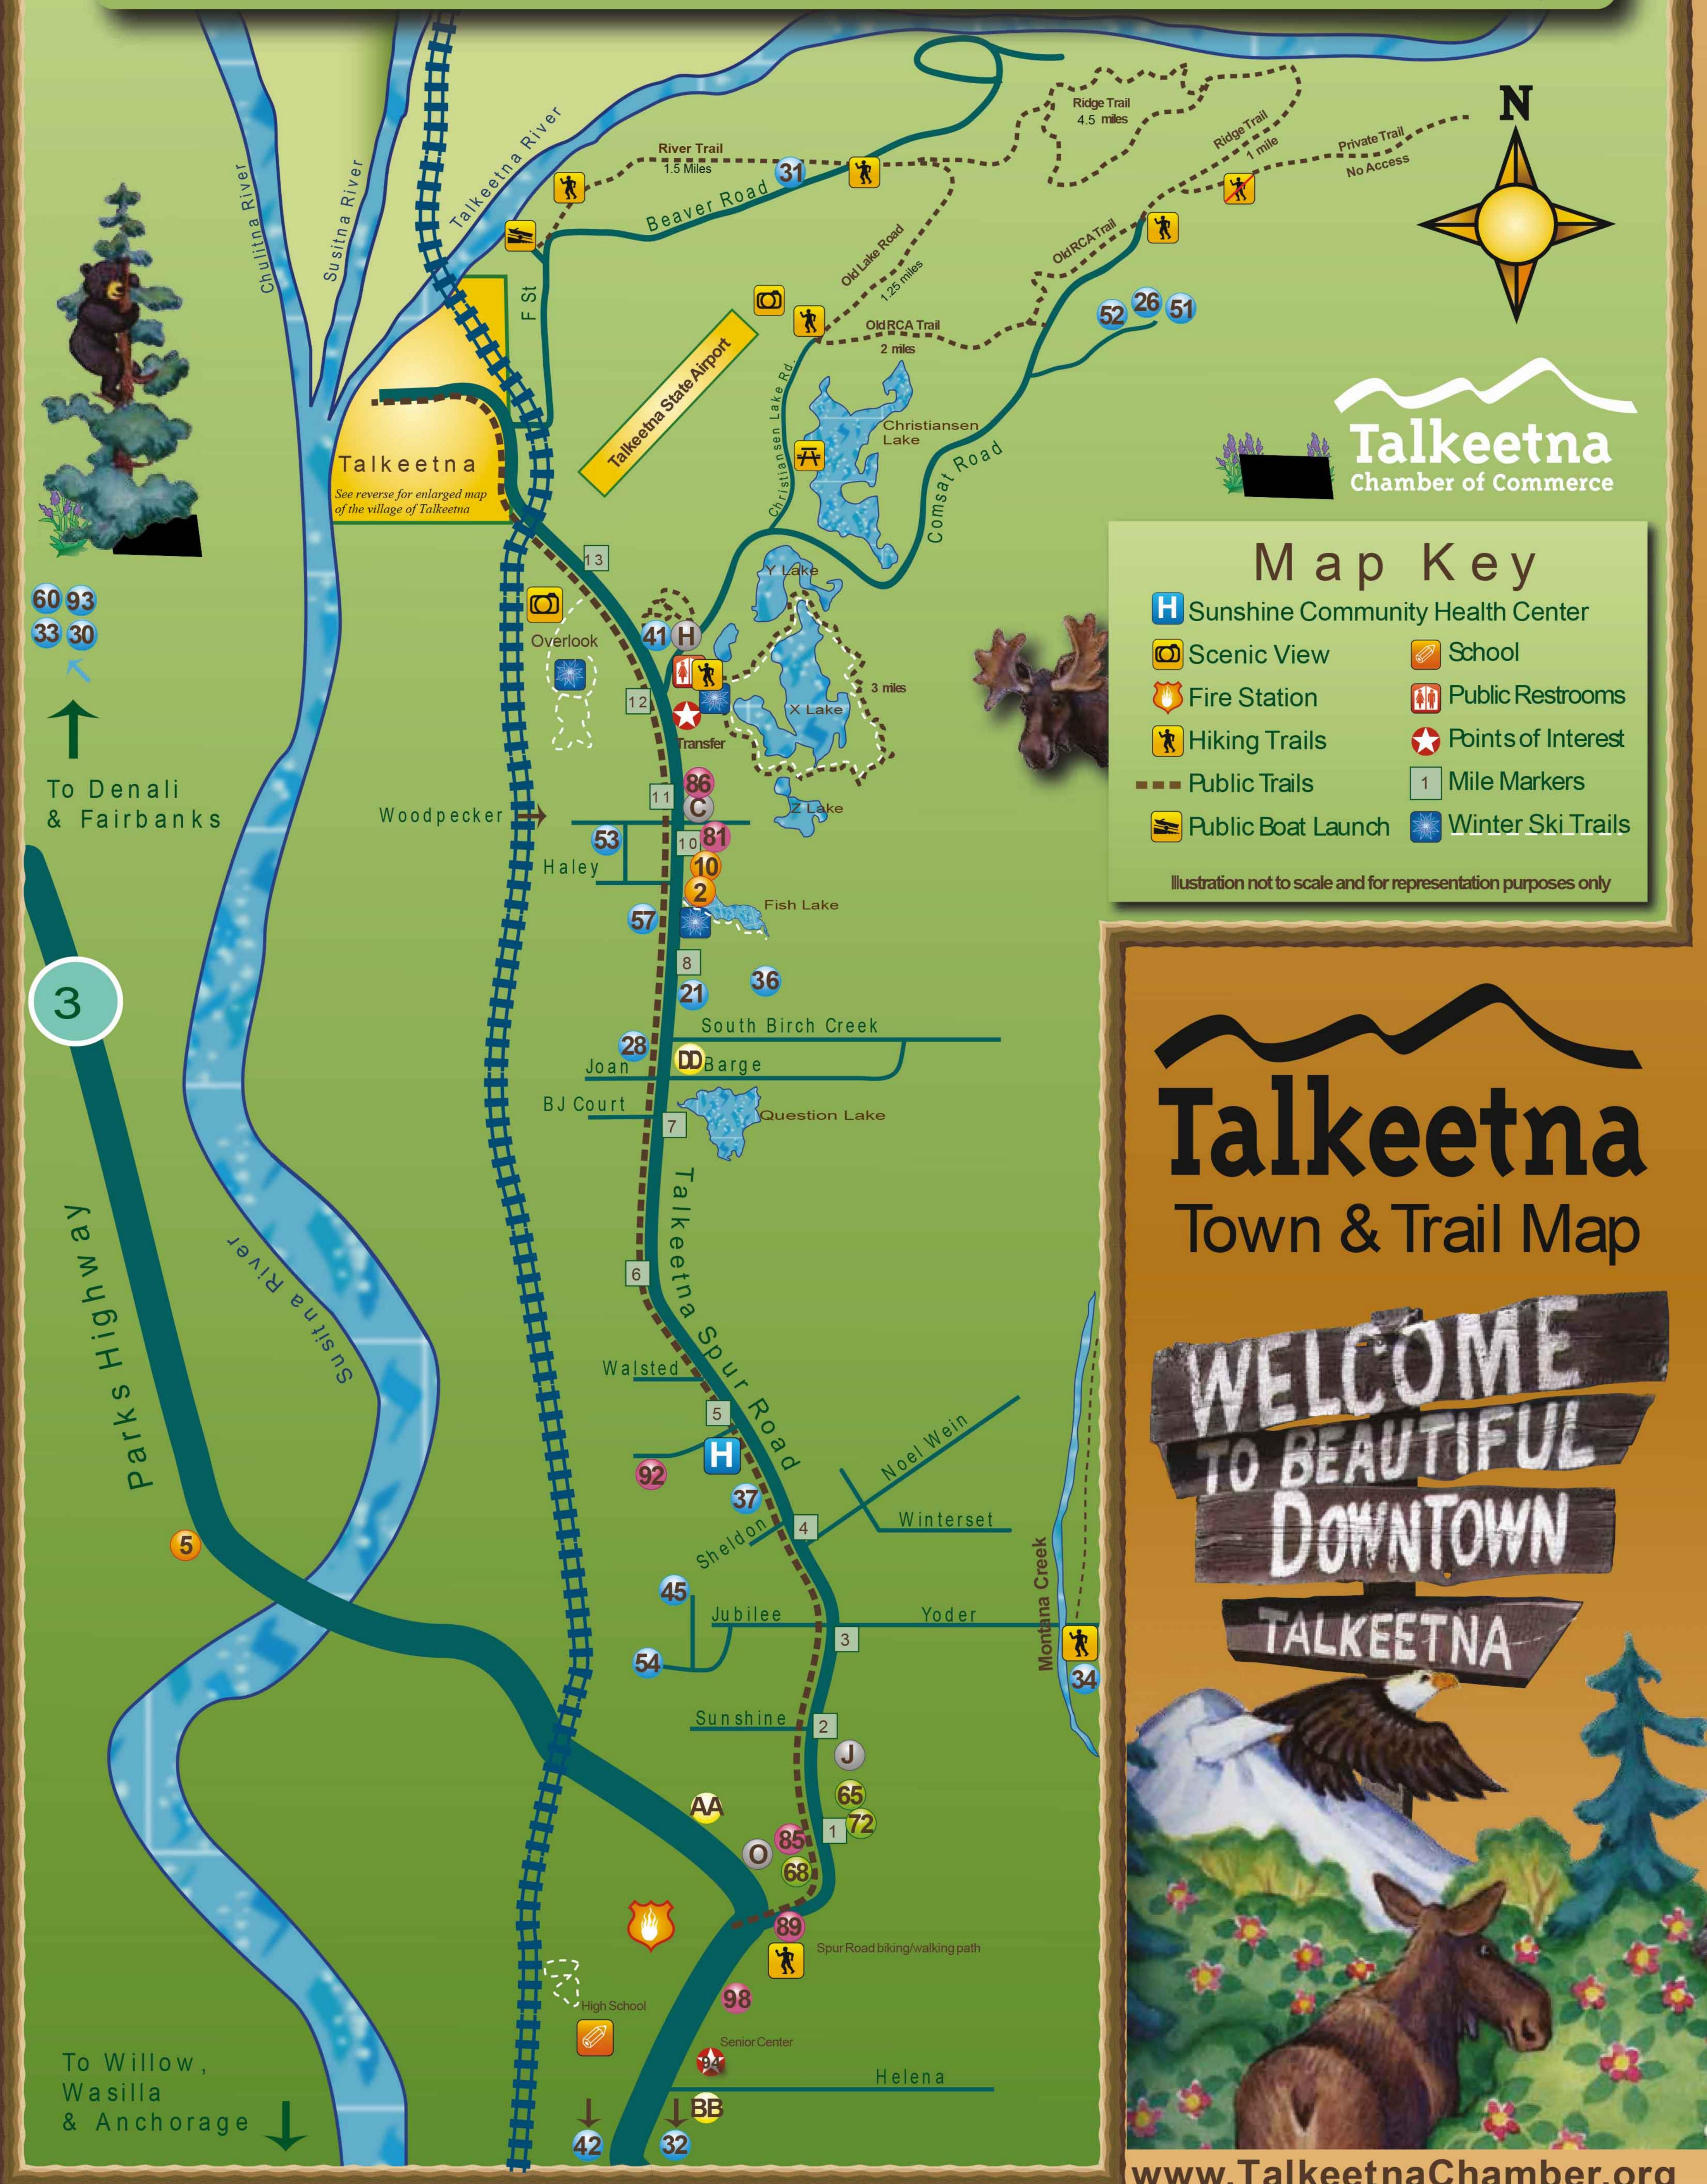

### TALKEETNA IS BEAR COUNTRY!!!!

To keep bears wild and people safe:

1. Never leave food, fish, or garbage where bears can get it. 2. Respect wildlife: Keep your distance. Never feed animals. When fishing, yield to bears. 3. Avoid surprises: Make noise when hiking. Voices and clapping are best. 4. If you encounter a bear, raise your hands and talk loudly. Slowly back away. 5. Pack out all trash and leftover food.

6. Please stay on designated trails to avoid trespassing.
