USER MANUAL

Metal Millennium
Bluetooth® Speaker

FCC Statement:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Care and Maintenance:

Do not subject the unit to excessive force, shock, dust, or extreme temperatures.

Do not tamper the internal components of the unit.

Clean the unit with a clean dry cloth,

Avoid leaving your unit in hot, humid, or dusty places.

Keep your unit away from heating appliances and sources of electrical noise such as fluorescent lamps or motors.

Always keep your finger dry and clean before touching the buttons.

Do not dispose of the batteries in fire. Batteries may explode or leak.

User's Manual

Congratulations on your ifidelity Metal Millennium Bluetooth® Speaker!

Read carefully and follow all instructions in this User's Manual before using the Speaker. Keep this User's Manual in a convenient location for future reference.

Precautions:

When used in the directed manner, this unit has been designed and manufactured to ensure your personal safety. However, improper use can result in potential electrical shock or fire hazards. Please read all the safety and operating instructions carefully before installation and use, and keep these instructions handy for future reference. Take special note of all warnings listed in these instructions and on the unit.

- Avoid contact with liquids and damp areas.
- Do not block or leave the case open.
- Charge the battery fully before initial use.

Specifications:

Playback Time:	2 hours (max volume)
Pairing Name:	Millennium
Charging Time:	5-6 hours from 0-100%

The right to make technical and design modifications in the course of continuous product development remains reserved. This device has been tested according to all relevant and current CE guidelines, such as electromagnetic compatibility and low voltage directives, and has been constructed in accordance with the latest safety regulations.
