About Dynasty Toys

Dynasty Toys was founded in Yorba Linda, California and has been developing the most premium laser tag technology since 2015. We have quickly become the premier maker of cutting edge laser tag toys and games on the market. But We don't stop there. Every product and employee under Dynasty Toys points its effort to partnering, developing and working with causes on the front lines of change. We welcome you to be part of this journey. Will you help us build a dynasty with purpose?

FCC STATEMENT

This device complies with Part 15 of the FCC Rules: Operation is subject to the following two conditions:

1. This device may not cause harmful interference and
2. This device must accept any interference that is received, including any interference that may cause undesired operation.

RF exposure warning :

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.

This device is acting as slave and operating in the 2.4 GHz (2412 ~2462 MHz) band.

Ad Hoc function is supported but not able to operate on non-US frequencies. Do not use the device with the environment which below minimum -30 °C or maximum over 50°C.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

JUKIBOT™ MANUAL

Quick Start Guide

Thank you so much for your purchase!

- 1 Make sure to charge your Jukibot. You will know your Jukibot is done charging when the LED light surrounding the power button is no longer present.
- 2 Download the official Jukibot app. Available on Android and Apple app stores.
- 3 Once Jukibot has fully charged, hold the powerbutton down for one second to turn it on. You will hear a sound once Jukibot is powered on.
- 4 Go into your WiFi settings. Connect to the wifi that says 'Jukibot' followed by a varying 6 digit code. (This will take 5-10 seconds)
- 5 Once connected, open your Jukibot app. Wait on the main menu until Jukibot's eyes stop flashing and it makes the connected sound.

You are now ready to play! Select the game you wish to play and enjoy!
