When there is an incoming call, it will speak out the caller's number

Charging the Speaker Band

The power LED will flash when the battery is low. Use the supplied USB cable to charge Speaker Band. Connect the power source and Speaker Band with the micro USB charging cable, the power LED will become solid. That indicates that the device is charging. The Power LED will turn off when it is fully charged.

Trouble Shooting

No connection:

- Make sure the Bluetooth connection of your mobile phone is on
- Make sure the speaker is on
- Tap the answer/end button to wake up the Speaker Band
- Pair the speaker again

Maintenance

Cleaning the Case:

To clean the case, first unplug the power cable. To remove dirt or dust, wipe the casing with a soft, dry, lint-free cloth. To remove stubborn dirt or stains, moisten a soft cloth with water and a neutral detergent and then wipe the casing.

Do not use alcohol, benzene, thinners or other chemical detergents as these can cause the casing to be warped or discolored.

Storage

Always power off the Speaker Band when you are finish using it. If the unit will not be used for an extended period, be sure to follow these guidelines:

- Do not store the unit in a damp environment
- Avoid exposing the unit to very high or low temperatures
- Avoid prolonged exposure to direct sunlight.
- Charge it before use it again.
