# 1. Tablet Overview

## Icon Glossary

**Battery Level:** The white battery level indicator will decrease and change to red as the battery is drained.

**Wi-Fi Signal:** As the Wi-Fi signal strength decreases, the white bands will change to grey.

**Settings:** Tap to adjust settings for Wi-Fi, screen brightness, security settings, language options, and more.

## Charging

Fully charge your Playtime Pad for 6 hours before the first use.

Use the included USB Charger.

The battery indicator will show that your device is charging.

**Note:** Charging your tablet using the USB port on your computer will be slow. We recommend using the included wall charger.

## Turn On

To turn on your Playtime Pad, press and hold the power key for 2 seconds. The PBS KIDS logo indicates the software is loading.

## Touch Screen Basics

Tap an app icon once to activate or open an app. Touch and hold to move an item by dragging.

\*In many apps touch and hold can offer more options.

Zooming: Double tap quickly to zoom into a webpage, picture, or map. Some apps allow you to zoom in and out by touching the screen with two fingers, and pinching them together.

TIP: You can flick the screen with your finger to quickly scroll through a long list, such as a library of music.

Tap a specific location on the screen where you would like to enter text. The on-screen keyboard will pop up.

Touch and hold a letter for special characters.

## 2. Initial Setup

### Lock Screen

Slide the padlock icon up to unlock the screen.

### User Set up

Follow the steps upon initial startup to begin using your Playtime Pad.

Choose your language and tap a Wi-Fi network to connect to.

Enter your Wi-Fi password then tap **"Connect."**

Setup Date and Time then Tap **"Next"** when done.

Enter a valid email address and password. Tap **"Register."**

## Option A: Email Verification

If choosing to verify by Email Address please follow these steps.

A. Select **“Email Verification”** to prove that the information is submitted by an adult.

B. Tap **“Send”** then follow the instructions provided in your email.

## Option B: Credit Card (Optional)

If choosing to verify with a Credit Card please follow these steps.

A. Select **“Credit Card”** to prove that the information is submitted by an adult.

B. Enter your Credit Card information then tap **Continue**.

**Note:** A one-time nonrefundable fee of 50¢ will be charged to your credit card.

## Why do you need my credit card to verify my kid's account?

To comply with the U.S. **Children's Online Privacy Protection Act (COPPA)**, kids younger than 13 years old must have parents' permission to join.

There are only a few approved ways we can obtain parental consent according to these regulations & the quickest way to do that is to verify your identity using a credit card.

**5** **Create Child's Profile**

## 6. Google Services

### Why use a Google Account?

Google Accounts let you organize and access your personal information from any computer or mobile device.

**Sync & Back-up:** Whether you draft an email, add a contact, or add an event to your calendar, your work continuously gets backed up and synchronizes with any computer with the same Google Account.

**Accessibility:** Check your latest emails, events, or text messages wherever you are on any computer or mobile device.

**Security:** Google works round the clock to ensure your private information stays secure.

**Shopping:** Connect your Google Account with your Google Wallet™ to easily purchase music, books, apps, and more on Google Play and other online stores.

**Services:** Your Google Account also lets you take full advantage of other Google apps and services such as YouTube, Google Play, Hangouts, Google Maps, Messaging, and more.

## Add a Google Account

Tap Settings

Under Accounts, tap Add account

Tap what kind of account you want to add and sign in.

## Remove a Google Account

Tap Settings

Under Accounts, tap Google

Tap the account that you want to remove.

Tap Menu icon and then Remove account

## Google Play

Google Play

Google Play brings together all of your favorite content in one place. Access movies, TV shows, music, books, magazines, apps, and more when you sign in with your Google Account. You can also shop for more games, books, magazines, and more in the Google Play Store app.

## Google Apps

Play Store

Purchase music, games, books, magazines, movies, TV shows, and apps on the Google Play Store app

Play Movies & TV

Choose from thousands of movies and TV shows on Google Play and stream them instantly on your Android phone, tablet or the web.

Play Music

Buy now, listen now, sync never, with music on Google Play.

## Google Now™

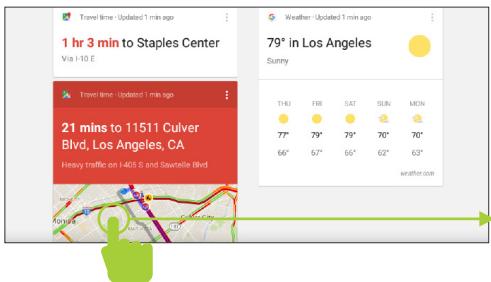

Google Now uses contextual data from your tablet and from other Google products to supply you with just the right information at just the right time. You can download the Google Search app on Google Play.

After you have downloaded and installed the Google Search app, tap the Google search bar on the Home screen or swipe up from the  icon to open Google Now.

## Google Now Cards

Google Now displays cards when they're most likely to be useful and relevant based on the current time and your current location. Find out what the weather is like, how much traffic to expect before you leave for work, or how your favorite sports team is doing.

To dismiss a card from the Google Now screen, swipe it away. The card will return the next time it's relevant, which may be hours or days from now.

You can turn Google Now cards on or off at any time. To do so from the main Google Now screen go to Menu < Settings < Google Now and choose a specific card. You can then check or uncheck when you would like that card to appear.

## Location Access

Find out what the weather is like or how the commute to work will be by confirming your home and work locations.

## Google Now Settings

In order to get to your Google Now settings from the Google Now Main Screen, touch the Menu icon at the bottom right of the screen. Then touch Settings. 4 types of settings will be available.

Google Now: These settings allow you to turn Google Now On or Off. It will also take you through a brief introduction to Google Now and you will be given the chance to opt in. From the settings screen you can also change the priority of cards and also sound settings for notifications.

Voice settings: Voice settings control different aspects of speech input and output.

- Language: Select a language to use for Voice Searches. The Voice Search language can be different from the language displayed by your tablet.
- Speech Output: Select Hands-free only to turn on speech output only when using a headset.
- Block offensive words: Check to ensure that search results with offensive language are blocked.
- Hotword detection: When this is checked, you can say "Google" when viewing the Google Now screen to initiate a voice search or action.

Tablet Search: Select which apps in your tablet are included in Google searches.

Privacy & Accounts: Control search-related privacy options for your Google Account.

- Manage location history: Opens Google Maps settings, where you can turn location settings and location reporting on or off.
- Location services: Allows you to turn location access by all Google apps on or off.
- Show recent searches: Check if you want search suggestions based on your recent searches.
- Manage Web History: View your Web History after signing in

## Voice Actions

After installing the Google Search app you can use Voice Actions to get directions, send messages, and perform a number of other common tasks.

To initiate a Voice Action you can:

- Tap the Microphone in the Google Search Bar on your Home Screen
- Tap the Microphone in your keyboard

Next, speak the Voice Action you want to use. Here are some typical examples:

“Set alarm for 8:30 a.m”

“Send email to Marcus Foster. Subject: Coming tonight?  
Message: Hope to see you later.”

“Navigate to Mike’s Bikes in Palo Alto”

As you speak, Voice Search analyzes your speech and initiates the action. If Voice Search doesn’t understand you, it lists a set of possible meanings. Just tap the one you want.

Some Voice Actions, such as “send email” and “note to self,” open a panel that prompts you to complete the action by speaking or typing more information.

When prompted, you can:

- Touch any text already in the panel to add, or edit the text by typing. (You can tap the Microphone icon again to continue speaking instead of typing)
- Touch underlined words or phrases, drag across multiple words to view a list of alternate transcriptions, or edit by speaking or typing.
- Touch a button at the bottom of the window to add any optional fields (you can also speak the name and content of any of these fields)
- When you are done, touch the button appropriate to complete the action, such as Send.

## Voice Commands

To initiate a Voice Action touch the Microphone icon

\*Voice Actions will only be available after downloading the Google Search app.

### Some handy voice commands are:

Say	Followed By	Examples
[Words you want to search for]		“bike shoes”
“Map of”	Address, name, business name, or other destination	“Navigate to Union Square” or “1299 Colusa Ave, Berkeley, CA”

## Tips and Tricks/FAQs

### Screen Brightness

In the settings tap Display.

Tap Brightness.

Use the slider to adjust the brightness.

**Tip:** Lower the brightness at night to extend your battery life.

### Apps Won't Install

In the Settings app, tap Security. Be sure “Allow installation of non-Market apps” is checked.

You must allow installed apps to be accessed in the Playtime Pad Parent Dashboard.

See the [Adding & Removing Apps](#) section.

### Won't Connect to Computer

Try a different USB port on your computer and/or restarting your Playtime Pad.

The battery may be too low and the computer is not providing enough power by USB. Use the wall charger to charge your Playtime Pad for 30 minutes then re-connect to the computer.

## Care

The Playtime Pad is an electronic device and can be damaged if used improperly.

- Don't expose your device to liquids, water or extreme humidity.
- Don't try to dry the Playtime Pad using a heat source such as a dryer, microwave, or oven.
- Don't charge your tablet or use it in environments above 95°F and below 32°F.
- Don't expose the Playtime Pad to dirt or sand.
- Use a clean, dry cloth to clean your tablet. Do not use chemicals or water.
- The Playtime Pad can be damaged by shock from dropping.

## **Warning Statement**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
