# Changing the Faceplate

The FunTab Pro features a removable faceplate allowing you to customize the colors to your personal style.

Begin by using the included tool to gently pry up the corner of the faceplate.

The faceplate is flexible but will break if bent too far.

The faceplate has 10 locking pins and 10 sliding pins. Work your way around the tablet popping each pin out 1 by 1.

## Tips and Tricks/FAQs

### Screen Brightness

In the settings tap Display.

Tap Brightness.

Use the slider to adjust the brightness. Then tap OK.

**Tip:** Lower the brightness at night to extend your battery life.

## Volume Limiter

Kid Mode features a built-in volume limiter to prevent your child from listening to audio at excessive volume. Go to the Parent Dashboard app and tap Settings, then tap Maximum Volume to adjust the setting.

## Apps won't install

In the settings app tap security. Be sure "Allow installation of non-Market apps" is checked.

You must allow installed apps to be accessed in Kid Mode. See the [Editing Available Apps](#) section.

## Won't Connect to Computer

Try a different USB port on your computer and/or restarting your FunTab Pro.

The battery may be too low and the computer is not providing enough power by USB. Use the wall charger to charge your FunTab for 30 minutes then re-connect to the computer.

## Tablet Freezes

Sometimes your FunTab may freeze.

The reset button is located on the top of the unit. Reset the device by pressing the button with a small object such as a paper clip.

## Factory Restore

Select Backup & reset in the settings app to restore factory settings. This will erase all data on the tablet.

# Ematic Software Update

To check for updates you must be in Parent Mode and connected to Wi-Fi.

Connect to a power source before beginning the update.

Tap the Update app.

Tap Online update.

If an update is available tap download.

When the download is complete tap Update.

Tap Update.

The tablet will automatically update and reboot.

## Care

The FunTab Pro is an electronic device and can be damaged if used improperly.

**FCC Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### **For portable devices**

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device was tested for typical hand held operations with the device contacted directly to the human body to the sides of the device. To maintain compliance with FCC RF exposure compliance requirements, avoid direct contact to the transmitting antenna during transmitting.
