SPECIFICATIONS

mDX185-186 MICRO
Flight control: RTF
Power source: Li-Po
Main motor diameter: 190mm
Weight: 24g
Battery: 1x 3.7V 220 mAh Li-Po
Control range: 30-40m
Diameter: 185mm
Flying time: 3-5min
4 channels

mDX188 MICRO
Flight control: RTF
Power source: Li-Po
Main motor diameter: 190mm
Weight: 24g
Battery: 1x 3.7V 220 mAh Li-Po
Control range: 30-40m
Diameter: 188mm
Maximum stability:
Control:
Helicopter RC
Transmitter
Main blade spare
USB charger cable
Removable Li-Po battery

Characteristics

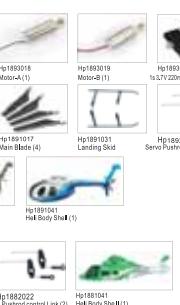

Radio control vehicle RTF
2.4 GHz frequency
Long flying time
Indoor design
Helicopter and in-band
Maximum stability:
Control:
Helicopter RC
Transmitter
Main blade spare
USB charger cable
Removable Li-Po battery
