# OVERVIEW

The LG-Ericsson PCI-1020 WIRELESS 802.11N PCI ADAPTER is designed for SOHO and small workgroup networks. The adapter eliminates the need for wired networks while giving users flexibility and scalability.

## QUICK HARDWARE INSTALLATION

1. Remove the side panel from your PC

2. Insert the LG-Ericsson PCI-1020 Adapter into one of the PCI slots.

3. Re-attach the side panel once the drives have been installed.

4. The CD contains all the instructions required to set up the LG-Ericsson PCI-1020.

5. Insert the CD ROM into your computer's drive. The setup wizard should start automatically.

# TROUBLESHOOTING

## SETUP AND CONFIGURATION PROBLEMS

This section provides solutions to problems that may occur during the installation and operation of the Wireless PCI-1020 Adapter. Read the description below to solve your problems. If you are unable to find an answer here, check the LG-Ericsson website at <http://www.lgericssonus.com>

### **1. THE WIRELESS PCI-1020 DOES NOT WORK PROPERLY?**

- Reinsert the wireless PCI-1020 into your PC's PCI slot.
- Right-click on My Computer and select Properties. Select the Device Manager and click on Network Adapter. You will find the LG-Ericsson PCI-1020 if it is installed successfully. If you see the yellow exclamation mark, the resources are conflicting. You will see the status of the PCI Adapter. If there is a yellow question mark, please check the following:
- Make sure that your PC has a free IRQ (Interrupt Request, a hardware interrupt on a PC)
- Make sure that you have inserted the right adapter and installed the proper driver.
- If the Wireless PCI-1020 adapter does not function after attempting the above steps, remove the adapter and do the following:
- Uninstall the driver software from your PC.
- Restart your PC and repeat the hardware and software installation as specified in the User Guide.

### **2. I CANNOT COMMUNICATE WITH THE OTHER COMPUTERS LINKED VIA ETHERNET IN THE INFRASTRUCTURE CONFIGURATION?**

- Make sure that the PC (wireless router/AP) to which the adapter is associated is powered on.
- Make sure the LG-Ericsson PCI-1020 adapter is configured on the same channel and with the same security options as with the other computers in the infrastructure configuration.

# WARRANTY INFORMATION AND TECHNICAL SUPPORT

The following warranty only applies in the USA

To register LG-Ericsson products and to review a detailed warranty statement, please refer to the LG-Ericsson US website at:
