

BTCRY6
Bluetooth Handsfree Kit
Manual

A. Product Overview

1. On/Off Button
2. Reject Button
3. MFB Button
4. Volume Down
5. Volume Up
6. Microphone
7. Charger Port
8. Bluetooth Indicator / Charge Indicator
9. Speaker

B. Charging

1. Connect the charger's plug to the **Charger Port (7)** of the **SUPERTOOTH CRYSTAL**. Connect the charger to an external power source.

Charge Indicator (8) Status:

- Steady Red: **Battery Low**
- Steady Orange: **Charging**
- Steady Green: **Battery Full**

2. When fully charged, disconnect the charger.

C. Power On/Off

Power On: Press the **On/Off (1)** button for 1 second, the **Bluetooth Indicator (8)** turns blinking blue. A beep will be heard.

Power Off: Press and hold the **On/Off (1)** button for 3 seconds, until the **Bluetooth Indicator (8)** turns red. A beep will be heard.

D. Pairing to your Bluetooth Mobile Phone

Pair the **SUPERTOOTH CRYSTAL** to your Bluetooth mobile phone to create the link or audio connection between the two. The pairing process is required only once for each phone.

Pairing Procedure:

1. From OFF, press and hold the **On/Off (1)** button until the **Bluetooth Indicator (8)** turns blinking red/blue. The handsfree kit is now in pairing mode.

2. While the handsfree kit is in pairing mode, access the Bluetooth menu of your phone. Turn on the Bluetooth function then execute a Bluetooth search. (See *your phone's manual*.)
3. When the phone displays the list of Bluetooth devices, select **BTCRY6**.
4. When the phone asks for the password/pin code, enter 0000 and press **Ok**.
5. The handsfree kit is now ready to use.

E. Basic Operations

IMPORTANT:

The handsfree kit needs to be *'paired'* to your Bluetooth mobile phone, before you can use the following functions. See "**Pairing to your Bluetooth Mobile Phone** in Section D".

Make a Call (Normal Dial):

Dial the number on your phone. Audio will automatically be heard through the handsfree kit. During an ongoing call, the **Bluetooth Indicator (8)** will turn steady blue.

*Note: With some phones, audio is always on the phone during an outgoing call. You will need to press the **MFB (3)** button for 1 second to transfer the audio to your handsfree kit.*

Answer a Call:

To answer a call, simply press the **MFB (3)** button for 1 second, the **Bluetooth Indicator (8)** will turn steady blue.

End a Call:

Press the **MFB (3)** button for 1 second to end the call.

Voice Dial:

Important: Before using this feature, make sure that the voice dialing function of your phone is activated and at least one **voice tag** is recorded on your phone. (Kindly refer to the procedure in your phone's manual.)

Note: Voice dialing entries must be stored in the phone's memory, not on the SIM card!

1. Press the **MFB (3)** button for 1 second.
2. A voice dial beep will be heard on the handsfree kit prompting you to say the voice tag of the contact to call and the **Bluetooth Indicator (8)** will turn steady blue.

3. Say the voice tag exactly as how you recorded it.
4. The voice tag will be played back to you and then the phone will dial the number automatically.

Redial (For Handsfree Profile Phones only):

Press the **MFB (3)** button for 3 seconds. The last dialed number will be redialed.

Reject a Call (For Handsfree Profile Phones only):

During the ring tone, short press **Reject (2)** button.

Volume Setting:

Increase or decrease the volume by pressing the **Volume Up (5)** or **Volume Down (4)** button. Press repeatedly until the desired level is reached. A beep will be heard as lowest and highest levels are reached.

Audio Transfer (Phone to HF / HF to Phone):

During an ongoing call, you can transfer the audio.

Press the **MFB (3)** for 3 seconds and the audio will be transferred.

Note: For some phones, you may need to accept a connection prompt on the phone before automatic transfer takes place.

To Reconnect Phone to Kit:

In case of intentional disconnection (using the phone menu), short press **MFB (3)** button to reconnect. Beep will be heard then phone reconnect to kit.

F Special Features

3-Way Calling:

You can talk with two parties at the same time with a three-way conversation on your **SUPERTOOTH CRYSTAL**.

Note: This 3-way calling is Network Service dependent.

To end the current call and accept the second incoming call

Short press **MFB (3)** button will end the current call and accept the second call. The audio for the second call will be heard through the handsfree kit.

Short press **MFB (3)** button will end the call.

FCC/IC statements :

Industry Canada (IC) Statement

15.21

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

15.105(b)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC/IC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

Operation is subject to the following two conditions :

1)This device may not cause interference and

2)This device must accept any interference, including interference that may cause undesired operation of the device.

FCC/IC RF Radiation Exposure Statement :

This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
