### INSTRUCTIONS FOR USE

#### Charging the speaker

**For best results, fully charge the speaker before its first use.**

- Connect the USB charging cord (included) to the Charging port of the speaker and insert the other end into a USB port on your computer or a similar power source.
- Red LED turns on, indicating that the battery is being charged. Once it is fully charged, the Red LED will turn off. It will take 2 hours to fully charge the speaker.

#### Turn On/Off the Speaker

Short press the Power ON/OFF button to turn on the speaker, and you would hear an indication tone. Blue LED light will blink, your speaker is now ON and is entering "pairing" mode.

Short press the Power ON/OFF button to turn off the speaker.

There're two ways to play music from the Karaoke Speaker, in order for you to sing through the Karaoke microphone. You may use any one of the following ways to play music on your Karaoke Speaker.

- Bluetooth: Pair the Karaoke Speaker with your smart phone or tablet etc through Bluetooth.
- Aux In: Connect your smart phone or tablet to the Karaoke Speaker using the USB charging cable with Aux pin (included)

#### Pairing your device with Bluetooth Speaker and using the karaoke microphone –

Your **Bluetooth Speaker** can wirelessly stream audio from any Bluetooth enabled device within the distance of 10m. Simply follow the below steps.

- Short press the Power ON/OFF button to turn on the speaker, and you would hear an indication tone.
- Blue LED light will blink, your speaker is now ON and is entering "pairing" mode.  
(Note: Speaker automatically pairs with the previously paired devices)
- Turn on the Bluetooth on your Mobile Phone or Tablet or Computer.
- It will search for various devices.
- The pairing name of our Bluetooth Speaker is "itek Karaoke Spkr", pair it with this device.
- If required, enter the password '0000' to confirm to finalize pairing.
- Once paired successfully, you would hear a beep tone and the blue LED light will flash slowly.
- Play music: open an App to download and play song. You can use your phone to adjust the volume.
- You are now ready to sing with the karaoke microphone, and adjust the volume and echo output to your desire level.

### FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful

interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
