Using the Lamp

Once the lamp is properly set up and plugged in, it can be used.

Touch anywhere along the arch to turn the light on. Touch again to increase the brightness and turn off.

Charging Your Device

Make sure that there are no objects on the charging pad or obstructing the connection between the charging pad and the Qi-enabled device that you are charging.

Place your Qi-enabled device onto the charging pad, the charging pad LED will **turn RED** and your device will automatically begin charging. Your device may display some kind of indicator that it is being charged wirelessly.

If your device does not begin recharging automatically, you may need to reposition it on the charging pad.

Note: When metal objects or non-compatible phones are detected on the charging pad, the LED indicator will **flash RED**.

Note: You may need to remove any removable smartphone case to charge properly.

When your device is fully charged, disconnect and unplug the charging pad.

Storage & Maintenance

When not using the lamp, it is recommended that it is stored away in a safe location, away from sources of water or heat and free of dust and debris.

If the lamp is dirty, wipe them down with a **clean microfiber cloth**. Do not clean with water or any sort of cleaning liquid or detergent.
