Battery

You can charge your tablet via the charger provided. The tablet has an internal charging battery. We suggest to charge up the battery only when the battery power is low. Do not keep the charger plugged in after charging has completed. This may reduce the battery life.

Charge via the charger

1. Plug in the Power adapter to Power adaptor port of device, Charging procedure will be completed once it shows that charging is finished..
2. During battery charging, you can still operate tablet.
The charging time will be longer when operating and charging at same time.

Battery Status view

1. Touch **settings**. Touch **Advanced setting**.
2. Touch Battery information

Micro SD card

Your device comes with a removable microSD memory card where you can store multimedia files, such as video clips, music tracks, sound files, and images.

Copy files to the memory card

You can transfer files such as music and pictures between your TABLET and your computer.

To view files on your TABLET, just launch the appropriate application and navigate to the file within that application.

1. Connect your TABLET to your computer using the USB cable.
2. On the home screen, press the **Menu** key.
3. Touch **Notifications**, touch **USB connected**.
4. Touch **Turn on USB storage**.
5. On your computer, go to the **Removable Disk** folder.
6. Locate the files on the computer that you want to copy to your TABLET.
7. Copy and paste files to the desired location in the **Removable Disk** folder.

Delete files on the memory card

1. Locate the file that you want to delete.
2. Touch and hold the file name.
3. Touch **Delete**.

View available memory space

1. Touch **Settings**, Touch **SD card & Device storage** to view available memory space for your memory card and TABLET.

Home screen and Application list

The Home screen is your starting point for using all the applications on your TABLET. You can customize your Home screen to display applications, shortcuts, and widgets. To open the application list, tap on the Home screen.

Notification and connection icons

Along the top of your screen is the status bar. On the left side, icons will appear, notify you of new messages, upcoming calendar events, alarms, and more. On the right side of the status bar, you will see the connection status icons.

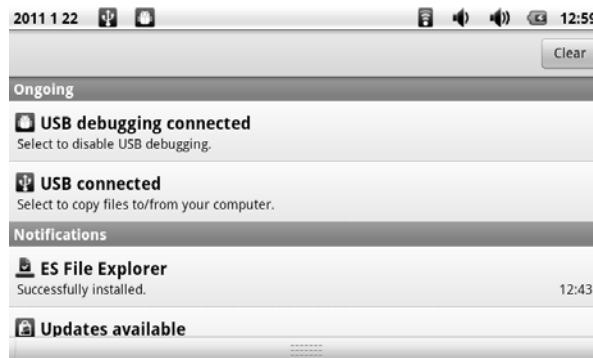

Read notifications

When you see a notification in the status bar, tap the bar and slide your finger down the screen to open the list of notifications.

To open the notification, tap the item.

To clear notifications, Touch **Clear** at the top of the notification window.

To close the notification window, slide your finger up the screen.

Icons of Status Bar:

	New message e-mail		Downloading
	SD card is full		Content downloaded
	Battery change indicators		Silent mode
	No SD card		Battery is charging
	USB connected		Wireless services are off
