

## **RF exposure — addendum notice**

### **Update to RF exposure guidelines**

The RF exposure guidelines for your product have changed.

The information in the following statement supersedes any other information related to RF exposure provided with your product documentation.

### **RF exposure**

This equipment complies with FCC / IC RF exposure limits for general population / uncontrolled exposure. The wireless LAN / Bluetooth antenna is mounted behind the front fascia of the display. This equipment should be installed and operated with a minimum distance of 1 cm (0.39 in) between the device and the body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter, except in accordance with FCC multi-transmitter product procedures.
