# DOCOMO W-CDMA, GSM/GPRS System

**Thank you for purchasing "docomo STYLE series F-08A" mobile terminal.**

Before and during use of your FOMA terminal, be sure to thoroughly read this manual and instruction manuals that come with other optional devices to ensure you are able to correctly use you FOMA terminal. For more detailed information, contact "General Inquiries" using the phone number on the back of this manual. F-08A is your capable partner. Please treat it with care and enjoy using it for years.

## Before using your FOMA terminal

- Because your FOMA terminal uses wireless transmission, it may not function in locations where it is difficult for radio waves to penetrate, such as tunnels, underground passages and some buildings, in areas where radio waves are weak, or out of service area. Even when you are high up in a tall building or condominium and nothing blocks your view outside, your FOMA terminal may not be able to receive or transmit signals. Also, communication may be interrupted even when the signal meter on your FOMA terminal indicates there are strong radio waves and you are not moving (traveling).
- Use your FOMA terminal in a way that does not disturb others in public spaces, crowded locations or quiet places.
- Because your FOMA terminal uses radio waves to communicate, it is possible that a third party may attempt to tap your calls. However, the W-CDMA, GSM/GPRS system automatically applies a confidential communication function to all calls, so even if a third party could somehow tap a call, they only hear noise.
- Your FOMA terminal encodes voice communication as digital data. When you are operating your FOMA terminal while moving to a location subject to weaker radio wave conditions, the transmitted digital data may not be correctly decoded and as a result the decoded voice may differ somewhat from the actual voice.
- Maintain a separate record of the data (Phonebook, Schedule, Notepad, Recorded messages, Voice memos, Movie memo, etc.) you registered in your FOMA terminal. Note that DOCOMO assumes no responsibility for any loss of saved contents of data resulting from malfunction, repair, changing of the model or other handling of FOMA terminal.
- You are recommended to save important data to microSD card. Using DOCOMO keitai datalink, you can transfer and save phonebook, mail, schedule and other data to a PC.
- The user hereby agrees that the user shall be solely responsible for the result of the use of SSL/TLS.
  Neither DOCOMO nor the certifier as listed herein makes any representation and warranty as for the security in the use of SSL/TLS. If the data should be erased, DOCOMO assumes no responsibility for the loss of any data.
  Certifier : VeriSign Japan K.K., Cybertrust Japan Co., Ltd., GlobalSign K.K., RSA Security Japan Ltd., SECOM Trust Systems Co., Ltd., Comodo CA Ltd.
- This FOMA terminal supports FOMA Plus-Area and FOMA HIGH-SPEED Area.
- FOMA terminal can be used only via the FOMA network provided by DOCOMO and DOCOMO's roaming area.

## Before using this manual

This FOMA terminal supports Kisekae Tool (→P106). When changing the design of the menu screen using Kisekae Tool, the structure of some menus may be changed according to the usage frequency depending on the menu type. Also, the number assigned to menu item (item number) may not be applicable to some menu items.

Latest information about this manual can be downloaded from NTT DOCOMO website.

# Viewing/Searching this manual

**This manual provides the methods below for necessary function's easy search.**

**Searching from Easy Search ▶P4**

Search for frequently used or convenient functions by plain words.

**Searching from Menu list ▶P415**

Search from menu displayed on the display of F-08A.

**Searching from thumb indices ▶Front cover**

Search from the index on the front cover.

*See P2-3 for examples.

**Searching from Contents ▶P6**

Search from Contents categorized into chapters by functions.

**Searching by main functions ▶P8**

Search from featured functions or new functions of F-08A.

**Searching from the Index ▶P476**

Search from the function name, item keyword or service name.

**Using the Quick Manual ▶P490**

You can cut out Quick Manual from this manual and carry it with you anywhere.
"Quick Manual" in Japanese version and "Quick Manual (Overseas Use)" that is useful when you use FOMA terminal overseas, is appended.

- In this "Manual for F-08A", "F-08A" mobile terminal is usually referred to as "FOMA terminal". Please be forewarned.
- This manual explains functions performed with a microSD card. A microSD card is required separately.
  microSD card→P317
- The images or illustration used in this manual are examples. They may differ from the actual displays.
- The icons and screens that appear on the display have been initialized to the default settings selected from the combinations prepared in FOMA terminal depending on FOMA terminal color.
  This manual mainly gives descriptions assuming that Kisekae Tool is set to "White".→P106
- In this manual, "i-αppli compatible with Osaifu-Keitai which supports IC card function" is referred to as "Osaifu-Keitai compatible i-αppli".
- The description of "authenticate" indicates the operating procedure for entering the terminal security code in 4-8 digits or performing fingerprint authentication.
  Terminal security code→P113
  Fingerprint authentication→P115
- Unauthorized copying of parts of or this entire manual is prohibited.
- The contents of this manual are subject to change without prior notice.

# Viewing/Searching this manual

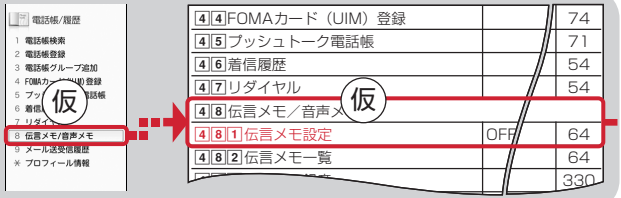
**Methods to search pages are described, taking "Record message" for example.**

## Searching from Easy Search

Functions frequently used and convenient functions are categorized by their purposes and with simple words.

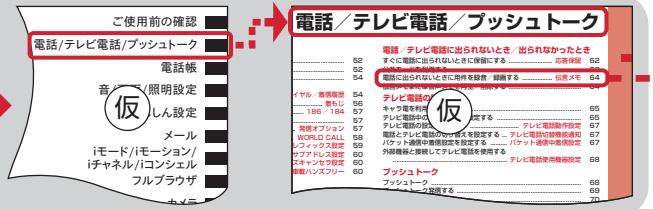
## Searching from Menu list

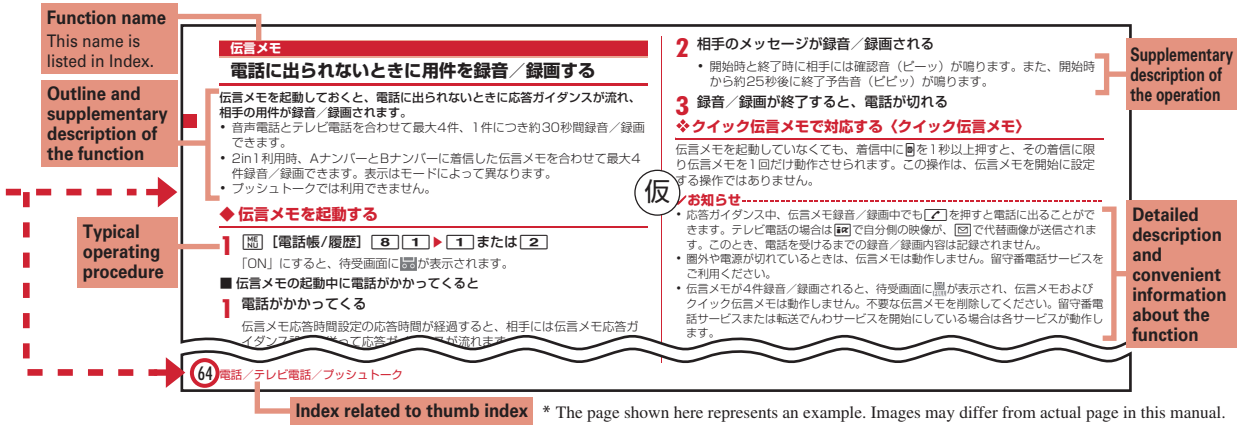
Functions can be searched from the words displayed on the FOMA terminal screen.



## Searching from thumb indices

Functions can be searched by using indices in the order of the front cover, chapter top page and function description page.
The chapter top page also gives the list of detailed contents.





* The page shown here represents an example. Images may differ from actual page in this manual.

- In this manual, operation by pressing keys is represented by graphic symbols.→P27 "Part names and functions"
- The representations and meanings of operating procedures are as shown below.

| Representation example | Meaning |
|---|---|
| MENU **(1 sec. or more)** | Press MENU for 1 second or more. |
| MENU **[Settings & NW services]** 5 7 2 ▶ 1-3 | On the stand-by display, MENU, move the cursor to [Settings & NW services] and press ●. Successively, press 5 7 2, then press any of 1-3. |

- In this manual, to select an item by placing the cursor with ↑↓←→ (Multi-cursor key) and pressing ● (Enter key) is referred to as "select". Regarding an operation to enter characters in the entry field, the final step of pressing ● [OK] is omitted.
- This manual uses the default settings to describe operations. If the settings are changed, the displays or operations of FOMA terminal may differ from the ones described in this manual. For the default settings, see Menu List.→P415

# Easy Search

**Functions which you want to know can be searched for using friendly words.**

## Convenient functions for calls

Showing/Hiding your phone number ..... Caller ID notification 63
Putting the call on hold ..... On hold 68
Changing the volume of the other party's voice ..... Listen volume 68
Switching from voice call to videophone call ..... Switching to videophone call 69

## When you cannot answer the call

Putting the call on hold when you cannot answer it immediately ..... Respond and Hold 77
Notifying the caller that you have to refrain from talking ..... Public mode (Drive mode) 78
..... Public mode (Power OFF) 78
Recording the other party's voice or image ..... Record message 79

## Changing sound, lighting color and vibration

Setting different ring tone etc. for incoming calls from specific parties ..... Alert by contact 86
Changing ring alert ..... Ring alert 94
Changing loudness of ring tone ..... Adjust volume 95
Making vibration when there is an incoming call ..... Vibrate alert/effect 96
Muting keypad sound ..... Keypad/touch sound 97
Setting silent mode ..... Silent mode 98
Changing the color of keypad light ..... Keypad light 104
Changing color such as light ..... Light alert 109

## Changing displays

Meanings of icons on display ..... Viewing display 33
Switching the menu display ..... Selecting functions from menu 38
Changing stand-by display ..... Stand-by display 100
Displaying a calendar on stand-by display ..... Info/calendar layout 101
Changing font size ..... Font size 110

## Safety and security

Hiding contents of phonebook ..... Secret attribute 90
Locking FOMA remotely in case of misplacement etc. ..... Omakase Lock*1 118
Rejecting calls with no caller IDs ..... Anonymous caller 131
Rejecting calls from parties not saved in phonebook ..... Unregistered caller 132
Saving data such as phonebook in case of data loss ..... Data Security Service*2 132

## Making full use of mail

Sending Deco-mail ..... Deco-mail 141
Sending images and/or melodies ..... Attachment 145
Automatically sorting mails ..... Sort method 161

## Making full use of camera

Saving shot still images to microSD card ..... Save to 211
Changing image size ..... Still image settings/Recording settings 216
Viewing shot still images ..... Displaying image 305

## Making full use of 1Seg

Watching 1Seg ..... Activate 1Seg 227
Recording 1Seg ..... 1Seg recording 233
Reserving watching/recording 1Seg ..... Watching/Recording reservation 235
Changing settings of images and sounds ..... User setting 237

## Other convenient functions

Reading QR and/or bar code ..... Bar code reader 221
Listening to music ..... MUSIC Player 246
Using microSD card ..... microSD card 317
Sending or receiving data via infrared communication ..... Infrared communication 330
Using alarm clock ..... Alarm clock 344
Using calculator ..... Calculator 359
Using a mobile phone overseas ..... International Roaming 399
Updating software ..... Software update 455
Keeping security software updated ..... Scanning function 459

# Main functions of F-08A

## i-concier

i-concier is a service to use FOMA terminal conveniently in which a character on the stand-by display (Machi-chara) notifies you of useful information and you can download schedules/i-schedule from a site.
With i-concier, downloaded schedule or ToruCa is automatically updated with the latest information, and address information etc. of stores and companies are automatically added to the phonebook.→P203

## i-αppli call

i-αppli call is a function allows a third party or content providers to prompt predetermined i-αppli to be activated and it is used for activating other party's applications to play a versus game etc.→P275

## i-Widget

i-Widget is a function that allows you to easily access frequently-used contents (widget applications) such as calculator, clock, a TV program guide and stock price information. You can also check the latest information at a glance by activating i-Widget screen.→P279

## 1Seg

You can watch "1Seg", a terrestrial digital TV broadcast for mobile devices. You can also shoot still images and record video while watching 1Seg. Dubbing+10 (→P320) is supported for recording video.→P225

## i-mode

In addition to the higher operability and more convenient use of website information, you can enjoy a greater variety of video contents now that Flash® Video and Windows Media® Video are supported.→P177, 199

## International Roaming

While staying overseas, you can use the same FOMA terminal, phone number and mail address as those used in Japan (3G/GSM Areas are supported). You can check the current location with the GPS function overseas. You can also use 3G/GPRS compatible i-αppli in the 3G/GPRS areas.→P399
And, "日英版しゃべって翻訳 for F (J-E Speech Translation for F)", which interprets your Japanese into English or your English into Japanese, is preinstalled.→P264

## Battery display

You can specifically display the remaining battery level in 100 levels. Also, the self-check function that notifies you of the timing to replace the battery pack is provided.→P60, 61

## Lock when immobile

You can lock keypad operations by pressing the dedicated lock keys and prevent unintended operations of FOMA terminal. FOMA terminal is equipped with various lock functions such as Lock when immobile with Immobile sensor to lock keypad operation when no operations are performed for the specified time.→P128

## High-performance camera

FOMA terminal is equipped with a camera with approximately 5.2 million pixels (effective pixels) that offers functions such as auto scene detection to select the appropriate shooting mode by detecting scenes or people, smile finder to release a shutter by detecting people's smiles, skin tone enhancer to enhance the skin tone to beautifully shoot people.→P207

## Quick search

On the stand-by display or while performing a function, search functions of i-mode, Full Browser, Map, dictionaries, phonebook or mail can be used by pressing the search key.→P342

## Shortcut icons

Only by selecting the icon pasted on the stand-by display for function, file or mail being created, you can start the target operation quickly. And, icon on the stand-by display can be changed freely.→P351

## Pedometer/Activity monitor

You can check the number of steps, walking distance, consumed calories and burned fat on FOMA terminal. You can also measure "Brisk walk" that is a measure of your aerobic exercise and "Activity amount" that is calculated by exercise duration and exercise intensity of your physical activity.→P361
You can enjoy using the preinstalled stand-by display (Flash graphics) such as "スペースジム (Space gym)" and "ウォーキング×フラワー (Walking × Flower)" that work with the activity monitor and pedometer.

* In this manual, they are described as "Pedometer/Activity monitor" according to the menu name of FOMA terminal.

## Other functions

- Videophone call→P67
- Chaku-moji→P71
- Kisekae Tool→P106
- Security Settings→P113
- i-mode mail/Deco-mail/Deco-mail pictogram→P139
- Chaku-uta full®*1/Uta-hodai/Music&Video Channel*2/MUSIC Player→P241
- i-αppli/Mega i-αppli/Chokkan Game→P257
- Osaifu-Keitai/ToruCa→P283
- Network services→P389
- High-speed communication compatibility→P409

*1 "Chaku-uta full" is registered trademark of Sony Music Entertainment (Japan) Inc.
*2 A charged service requiring subscription.

## Precautions (ALWAYS FOLLOW THESE DIRECTIONS)

- Before using your FOMA terminal, or when necessary, read the precautions below to ensure safe use and handling. After reading this manual, keep it carefully.
- These precautions are intended to protect you and others around you. Read and follow them carefully to avoid injury, damage to the product or damage to property.
- The signs below differentiate between the levels of danger that can occur if the product is not used within the specified guidelines.

| | |
|---|---|
| ⚠DANGER | This sign denotes that death or serious injury may directly result from improper use. |
| ⚠WARNING | This sign denotes that death or serious injury may result from improper use. |
| ⚠CAUTION | This sign denotes that bodily injury or damage to property may result from improper use. |

- The symbols below show specific directions.

| | |
|---|---|
| Don't | This symbol denotes that the action is prohibited. |
| No disassembly | This symbol denotes that disassembling the phone or its components is not allowed. |
| No wet hands | This symbol denotes that using the phone or its components with wet hands is not allowed. |
| No liquids | This symbol denotes that using the phone or its components in a bathroom or other highly humid area is not allowed. |
| Do | This symbol denotes that an instruction must be obeyed at all times. |
| Unplug | This symbol denotes that the equipment should be unplugged. |

■ **Precautions contain the description below.**

Handling FOMA terminal, battery pack, adapter (including battery charger) and UIM (common) ..... 11
Handling FOMA terminal ..... 12
Handling battery pack ..... 14
Handling optional devices (AC Adapter/DC Adapter/Desktop Holder/In-Car Holder) ..... 15
Handling UIM ..... 16
Handling mobile phones near electronic medical equipment ..... 16

## ◆Handling FOMA terminal, battery pack, adapter (including battery charger) and UIM (common)

### ⚠DANGER

**Do not use, store, or leave the equipment in hot areas such as near flames or in areas under strong direct sunlight such as inside a vehicle.**
May cause the equipment to be deformed or malfunction, and battery pack to leak, heat, burst or ignite, and the capability or life to be reduced or shortened. Overheating on parts of the case may cause burns or injuries.

**Do not disassemble or remodel the equipment. Do not solder items onto the equipment.**
May cause fire, injuries, electric shock, or malfunction. It may also cause the battery pack to leak, heat, burst or ignite.

**Do not let the equipment get wet.**
Contact with water or other liquids can cause heating, electric shock, fire, malfunctions or injuries. Take care of the place for use and treatment of the equipment.

**Use the battery pack and adapter (including battery charger) specified by NTT DOCOMO for your FOMA terminal.**
Use of equipment not specified by DOCOMO can cause FOMA terminal, battery pack and other parts to leak, heat, burst, catch fire or malfunction.
* Contact a sales outlet such as docomo Shop for information on other compatible products.

### ⚠WARNING

**Do not put the battery pack, FOMA terminal, adapter (including battery charger) or UIM in microwave ovens or other heating appliances or high-pressure containers.**
May cause the battery pack to leak, heat, burst or ignite, FOMA terminal, adapter (including battery charger) or UIM to heat, smoke, ignite, or damage circuits.

**Do not throw the equipment or give hard shock to it.**
May cause the battery pack to leak, heat, burst or ignite, and the equipment to malfunction or catch fire.

**Keep conductive materials (metal pieces, pencil lead, etc.) from coming in contact with the charging jack or external connection jack. Do not put those materials inside the terminal.**
May be subject to electrical short and could cause fire or malfunction.

**Turn FOMA terminal OFF before entering a place such as a gas station where flammable gases are generated. Do not charge the battery. The gas may catch fire.**
When using Osaifu-Keitai in a place as a gas station, turn OFF the terminal before using it. (When IC card lock is activated, deactivate it before turning OFF the terminal.)

**If the equipment starts giving off a strange smell, overheats, becomes discolored or deformed during use, charging or in storage, immediately perform the following operations.**
1. **Remove the power plug from the wall outlet or cigarette lighter socket.**
2. **Turn FOMA terminal OFF.**
3. **Remove the battery pack from FOMA terminal.**

May cause the equipment to heat, burst or ignite or the battery pack to leak if you keep using the equipment.

## ⚠CAUTION

Don't **Do not leave the equipment on unstable or sloping surfaces.**
May cause malfunction or injuries.

Don't **Do not store the equipment in extremely humid, dusty or hot areas.**
May cause malfunction.

Do **Children using the equipment should be instructed in proper operation by an adult. Do not allow them to use the equipment without adult supervision.**
May cause injuries.

Do **Store the equipment out of reach of small children.**
May be accidentally swallowed or cause injuries.

Do **Be careful especially when using FOMA terminal connected to the adapter (including battery charger) continuously for a long time.**
If you execute i-αppli, use videophone call or watch 1Seg while charging the battery pack, FOMA terminal, battery pack and adapter (including battery charger) may become hot. Directly touching a hot part for a long time, you may have redness, itching or rash on your skin, or it may result in low-temperature burns depending on your constitution and/or health condition.

## ◆Handling FOMA terminal

## ⚠WARNING

Don't **Do not direct the infrared data port toward your eye and transmit signals.**
May affect your eyes. Faulty operation could result from directing the infrared data port toward other infrared equipment and transmitting signals.

Don't **Do not turn on the light by getting the lighting part closer to other person's eyes.**
May impair eyesight. And may cause accidents like injury etc., by dazzling or astounding other people.

Don't **Do not put FOMA terminal in the place such as the dashboard near the air-bag, where the influence of air-bag explosion is expected.**
When the air-bag explodes, FOMA terminal may hit yourself or others and could cause injury, equipment malfunction or damage.

Don't **When you use electronic medical equipment, do not keep the terminal in your chest pocket or inside pocket.**
Using your FOMA terminal near medical electronic equipment could cause equipment failure.

Don't **Do not put foreign objects such as liquid like water, metal pieces or burnable things into UIM or microSD card slot.**
May cause fire, electric shock or malfunction.

Don't **Do not turn on the light aiming directly at the driver of the car etc.**
May disturb driving and cause an accident.

Do **Turn FOMA terminal OFF in areas where use is prohibited, such as in airplanes and hospitals.**
May cause electronic equipment or electronic medical equipment to fail or malfunction. If the function which automatically turns the power ON is set, cancel the setting before turning the power OFF.
When using the phone in a medical facility, be sure to observe the regulations of the facility. If you do prohibited act such as using the phone in an airplane, you may be punished according to law.

Do **When you talk by setting handsfree, always keep FOMA terminal away from your ear.**
**And, when connecting the earphone/microphone to FOMA terminal and play a game or music, adjust the volume moderately.**
Too loud volume may cause a hearing loss. And, if you cannot hear the sound around you clearly, it may cause an accident.
