■ General Technical Specifications

Product name		ScanSnap fi-5110EOX
Model Number※1		FI-5110EOX
Scanner type		ADF (Automatic Document Feeder), Duplex scanning
Output		Color/B&W/Automatic color and B&W detection
Light source		Optical reduction aspherical lens (Includes CCD)/ White cold cathode fluorescent lamp.
Scanning Speed※2 (A4 lengthwise)	Normal Mode	Color 150dpi, B&W 300dpi : Simplex, Duplex 15 pages per minute
	Better Mode	Color 200 dpi, B&W 400 dpi : Simplex, Duplex 10 pages per minute
	Best Mode	Color 300 dpi, B&W 600 dpi : Simplex, Duplex 5 pages per minute
	Excellent Mode	Color 600 dpi, B&W 1,200 dpi : Simplex, Duplex 0.5 pages per minute
Scanning range※3		A4, A5, A6, B5, B6, Business card, Letter, Legal and Custom sizes (can set for up to 5 different paper types) / Automatically recognizes paper type by paper length
Paper Weight (Thickness)		45kg to 110kg (52g/m² to 127g/m²)
Hopper capacity		50 sheets (A4, 80g/m²)
Interface		USB2.0 / USB1.1
Driver※4		ScanSnap Specific driver (TWAIN-ISIS ™ not supported)
Applications		Adobe® Acrobat® 6.0 Standard PFU CardMinder™ V2.0
Power requirement		100 to 240 VAC ±10%, 50/60Hz
Power consumption		Scan mode: 28W or less, Sleep mode: 8W or less
Operation environment		Temperature 5 to 35℃, Relative humidity 20 to 80%
Dimensions※5		284mm(W) x 146mm(D) x 150 mm(H)
Device weight		2.7kg
Environmental Compliance		ENERGY STAR® Compliant

※1 Use this name when ordering.
※2 Varies depending upon situation.
※3 The following types of documents may not scan well: Documents of an uneven thickness (envelopes and documents with paper glued to it), severely wrinkled or curled documents, ripped or torn documents, tracing paper, coated documents, photographs, perforated documents, non-rectangular documents, documents that are not of an even width and carbonless paper.
※4 TWAIN or ISIS™ applications cannot be used directly. These applications can be run with PDF and JPEG files.
※5 Stacker external attachments excluded.

■ System Requirements

Hardware Requirements	CPU	Pentium® III 600MHz or higher (Pentium® 4 1.8 GHz or higher recommended)※3				
	Memory Capacity	128 MB or higher (256 MB or higher recommended)				
	Disk Capacity	Spare capacity of at least 450 MB necessary for installation ● ScanSnap Manager V3.0 (50MB) ● PFU CardMinder™ V2.0 (100 MB) ● Adobe® Acrobat® 6.0 Standard (250 MB) ● PDF Thumbnail View (5 MB)				
	CD-ROM Drive	Required				
	USB Port	USB2.0 / USB1.1				

※1 With Service Pack 1 or higher
※2 Adobe® Acrobat® 6.0 Standard can be used with the following operating systems
◆Windows® 98 Second Edition ◆Windows® 2000 Professional (with Service Pack 2 or higher) ◆Windows® XP Professional (with Service Pack 1 or higher) and Home Edition (with Service Pack 1 or higher)
The following conditions must also be met
◆Internet Explorer 5.0.1 or higher ◆Screen resolution of 800 x 600 or higher
※3 Scanning speed slows down when recommended CPU, Memory Capacity and USB1.1 are not met

■ Included Items

- 1 USB cable
- 1 AC adapter
- 1 AC cable
- 1 Stacker
- 1 Set up CD-ROM (Driver / Manual)
- 1 Adobe® Acrobat® 6.0 CD-ROM
- 1 Getting Started

■ Consumables

Description	Parts Number	Life
fi-5110EOX Pad ASSY	PA03360-0002	50,000 sheets or one year
fi-5110EOX Pick Roller	PA03360-0001	100,000 sheets or one year

■ Cleaning Tool

Description	Parts Number	Remarks
Cleaner F1	CA91001-2316	Use to clean Scanners and consumables

If its Office Documentation, this is the Solution for You!
Quickly and Easily Digitizes Various Document Types! ScanSnap

Effortlessly digitize massive volumes of paper documents automatically
The ultimate compact color scanner, able to convert, manage, share, and secure business documents
ScanSnap's complete range of advanced applications brings the paperless office even closer to reality

---

With ScanSnap, you can…
ScanSnap helps you manage paper more effectively in a variety of different ways.

Converts business documents into PDF® files. Send PDF files as e-mail attachments

※ PDF:Portable Document Format

Converts notes containing written comments into PDF files, which can be sent by e-mail to meeting participants

Organizing business cards with PFU CardMinder™ V2.0 makes creating customer contact lists a snap!

Convert receipts and other everyday paper documents into PDF files. Secure documents by filing them as PDF files into a computer.

ScanSnap can be used for many other tasks as well.
- Scan instead of photocopy.
- Digitize overflowing ISO documentation.
- Store mail and other correspondence.
- Digitize large product catalogs.
- Create shared databases for manuals.
- Store newspaper and magazine clippings.

Cost Reduction
Consider ScanSnap as a key tool for reducing costs and improving productivity!

Reduce Document Management Costs!
"Filing documents that keep on piling up is a pain!" During times like these, just scan that paper with ScanSnap. Digitizing the paper documents you handle on a daily basis frees you from worrying about where to store them.

Store everything in your PC!!
Filing cabinets
Scan → Save
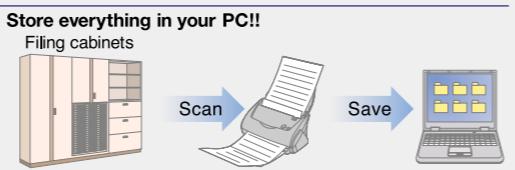

Reduce Office Supply Costs!
"I want to reduce costs spent on binders and cardboard files!" ScanSnap is perfect for times just like these! With ScanSnap it is possible to digitize and archive the contents of your files, reducing the cost associated with office supplies.

Use fewer office supplies and save money!!
File
Scan → Save

Reduce Long Distance/International Fax Costs!
"A client needs a written estimate fast! Yet, faxing costs money and is not secure. Furthermore, retyping takes time and may introduce errors." During times like these, create a PDF file of the estimate with ScanSnap and send it as an e-mail attachment. Thus, saving money and Adobe® Acrobat® 6.0, a standard ScanSnap application, has a security feature permitting the addition of passwords to PDF files.

PDF files offer peace of mind, since only intended receivers can open them!!
No need to fax the written estimate
Scan → Create a PDF image file
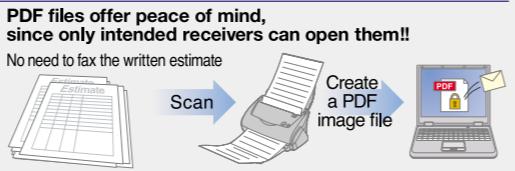

Advanced Features
Many advanced features are easily accessed through ScanSnap's stylish design
The highly refined ScanSnap, made with the user in mind!!

NEW Combining advanced design with energy efficiency
The ADF cover can be closed when ScanSnap is not in use, keeping the design clean and compact. Also, closing the cover shuts the power off, improving energy efficiency.

Scan 15 double-sided A4 pages per minute
Up to 50 pages can be continuously scanned. Since scanning time for one sheet is roughly four seconds (normal mode), ScanSnap can digitize large batches, while you do other jobs.
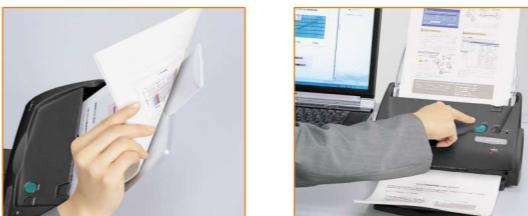

Data reduction with automatic color detection
ScanSnap automatically separates color documents from black and white ones and saves this information in highly compressed files; thus, saving storage space.

Automatically eliminates blank pages.
Since ScanSnap automatically recognizes color from black and white pages and eliminates blank pages, each scanning job progresses smoothly, even when scanning combinations of one-sided and two-sided documents.

Simple installation and operation in a compact design!
Installing ScanSnap is simple! Furthermore, ScanSnap's small footprint permits it to be placed next to your PC, freeing you from looking for a special place for it.

Capable of scanning any document size.
ScanSnap is able to scan A4, B5, A5, B6, A6 and business card sizes as well as letter and legal sized documents. It can also be used to scan irregularly sized documents (custom sized documents※).
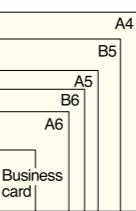

※Scanning ranges can be set for document widths ranging from 50.8mm to 216mm and lengths ranging from 50.8mm to 360mm.

NEW Auto-de-skew and auto-image rotation※
ScanSnap automatically corrects any misaligned text (plus or minus 5˚), permitting aligned scans to be made from poor quality documents. Also, the auto-image rotation application displays every scanned page in its proper orientation.

※Recommended operating environment: CPU Pentium® 4 1.8 GHz or higher

● Auto de-skew   ● Auto-image rotation

Figure of a scanned image. This application is not appropriate for documents where white letters appear against a colored background.

NEW sRGB® reproduces colors as they appear in the original.
ScanSnap employs sRGB technology to reproduce a document's original colors to the same standards produced by high-end graphic scanners. "Excellent" mode (600dpi) reproduces a document's original colors at even higher definitions.

※sRGB is an international color standard that defines tones and saturation in order to standardize varying color ranges produced by different equipment. Since ScanSnap uses sRGB standards, there is little variance between colors appearing on the computer monitor and those printed out.

PDF Thumbnail Application (PDF Thumbnail View)
"PDF Thumbnail View" is a standard ScanSnap application which utilizes Windows® Explorer to permit you to view miniature versions of the images you have scanned. It enables you to confirm the contents of a PDF image without engaging the Acrobat® software.
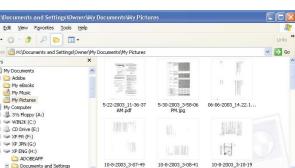

Prepare "multi-page" PDF image files
This application saves scanned multi-page documents in numerous PDF files containing a preset number of images.

INCLUDED

Adobe Acrobat 6.0 Standard
Adobe® Acrobat® is the international standard for producing, editing and processing digitalized documents. It utilizes an OCR (Optical Character Reading) application feature to recognize text elements in PDF files and has a security feature, permitting passwords to be added to PDF files.

PFU CardMinder™ V2.0 Business Card Scanning Software
This application captures images and information contained on business cards and should prove useful to global businesses.
