MODEL: IS-901

USA VERSION

IS-901 CONTROLS DIAGRAM (illustrations not shown to scale)

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Privacy of communications may not be insured when using the phone.

Changes or modifications not expressly approved by GVC Corporation could void the user's authority to operate the equipment.
