STARTING THE GAME

Level Select

Select game levels by finding their correlating pictures in the Old Lady's house. New levels unlock as you progress through the game.

Save Progress

Your progress automatically saves in between levels. You can also save mid-level at highlighted super checkpoints.

GAMEPLAY

To make a yarn bridge, attach yarn between two nearby, attachable points. A successful bridge will begin to sparkle, meaning it can be used to carry objects or as a walkway. Bridges can also be used as slingshots to launch Yarny into the air by flicking the left stick ↓ or swiping down on the **touch pad**.

Grab Yarny's yarn tail to break a fall by pressing and holding the **L2** button. You can swing or climb the yarn tail by moving the left stick.

Press and hold the **L2** and **R2** buttons to grab onto both ends of the yarn, and then move the left stick to climb in either direction. This allows you to climb carefully through dangerous areas.
