The following statement will be included in documentation supplied with each Itronix laptop computer Model IX 250

**WARNING:** To comply with FCC RF exposure requirements this device must be operated with a minimum separation distance of 3cm (1.2 inches) between the user/nearby persons and the antenna, with the antenna in the vertical upright position. This is the intended position of the antenna when using the RIM 802 radio modem installed in the unit.

In re: ITRONIX CORPORATION  
FCC ID: KBCIX250RIM802  
FCC Part 90 Certification

Gentlemen:

The user manual for the Itronix laptop computer IX250 utilizing RIM 802 radio is not completed at this time. The RF warning statement will be supplied with all products marketed to our customers.

We expect the manual to be completed within the next 2 months. A copy will be supplied at that time if required by the FCC.

Sincerely

Fred Phillips  
Certification Engineer  
Itronix Corporation
