Warnings and Safety Information

WARNING It is important that only authorized Itronix personnel attempt repairs on Itronix equipment as this might void any maintenance contract with your company. Unauthorized service personnel might be subject to shock hazard on some Itronix equipment if removal of protective covers is attempted. Changes or Modifications not expressly approved by the party responsible for compliance could void the users authority to operate the equipment.

Internal radio(s) may have an individual FCC Identifier which are not applicable to this configuration. Only one or more of the FCC Identifiers: `KBCIX600-MC75, KBCIX600-IWL, KBCIX600-BT`

 or `KBCIX600-IWLBT` as shown on the label located on the bottom of the IX600 Laptop PC are applicable. The Radios in the IX600 Laptop PC must not be co-located or operating in conjunction with any other antenna or transmitter than specified in the above referenced FCC Certification filings .

Safety Information

This device contains a WAN radio transmitter. When using the WAN transmitter, a minimum separation distance of 20 cm must be maintained between the upper center of the display screen and all users/bystanders. The WAN transmitter should be turned off before carrying the Laptop PC order to comply with FCC RF exposure requirements.
