Standard rail is for use with doors up to 7 feet. Ask your Genie® Professional Dealer about longer rails for doors up to 8 feet high.**

STANDARD EQUIPMENT

DC Motor Technology

DC motor operates with variable speed allowing soft start and stop and smooth operation.

Flexible Drive System

Chain or belt drive options to fit your needs.

Intellicode® 1 Access Security System

Each time the remote control is activated, it selects a new access code from billions of possible combinations. The system works with up to seven remotes for one opener and features advanced technology that prevents piracy of the radio signal that opens your door.

Frequency Range

Reliable frequency range to ensure consistent operation.

Self-diagnostic Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing, and then reverses. The system's self-diagnostic functions alert homeowners of improper operations, pinpoint specific problems and help identify solutions.

Light System

Illuminate your garage with our 1-bulb light system.

HomeLink® Compatible

Link to car's built-in remote system.

Car2U®

Home Automation System.

CONVENIENCE OPTIONS

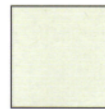

Enjoy your new Genie® garage door opener to the fullest with optional accessories.

Digital Wireless Keypad

This lighted keypad features a flip up cover and lets you control up to three garage door openers. Flip up cover available in four colors to best complement the home.

White

Almond

Sandstone

Brown

Convenience Remotes

These remotes operate multiple garage doors and feature Intellicode® 1.

Emergency Release Kit

Releases garage door from outside for manual use during power outage.

DEALER SERVICES

Installation and Regular Maintenance

Ensure that your garage door system operates at peak performance by asking your Genie® Professional Dealer about installation, routine system maintenance and other professional services offered.
