低功率電波輻射性電機管理辦法

第十二條
 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

第十四條
 低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前項合法通信，指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

CE 0890

Quick start guide

Philips wireless Bluetooth headphones SHB3165/3185

Charge the battery

1. Plug one end of USB cable into the charger (or into the USB port of a computer).
2. Plug the other end of the cable into the micro USB charging slot on the headphones.
3. When the headphones are charging, a white indicator light will be displayed.
4. When the headphones are fully charged, the white light goes off.

Turn on and off the headphones

1. Turn the headphones on. Press and hold for 2 sec.
2. Turn the headphones off. Press and hold for 4 sec. A white indicator light turns on and fades and then the headphones will turn off.

Pair the headphones with your phone

Pair the headphones with your phone manually or by using NFC. After successful pairing, the headphones connect automatically to the phone once the headphones are turned on and within range.

Manual Pairing

1. Make sure your headphones are turned on.
2. Press and hold until an alternating blue and white light flashes.
3. Turn on the Bluetooth function on your phone.
4. Your phone will start searching for Philips SHB3165/3185.
5. Follow the on-screen instructions to pair your phone. (Check your phone's user manual for details)

NFC Pairing

1. Make sure your headphones are turned on.
2. Make sure you turn on the NFC function on your phone and that your phone's screen remains active.
3. Place your phone over the headphones so that the NFC detection area of each device touch each other.
4. Follow the pairing instructions of your phone. If a passcode is required, enter '0000'.

Remarks:

- Make sure your mobile phone has the NFC feature and that the NFC function has been switched on and your phone is not in standby mode.
- Pairing with NFC is suitable only for Android mobile operating system 4.2 or above.
- Refer to your phone's user manual to identify its NFC detection area.
