# Quick start guide

Philips Bluetooth stereo headset SHB7150

## Charge the battery

1. Plug one end of USB cable into the charger (or into the USB port of a computer).
2. Plug the other end of the cable into the micro USB charging slot on the headset.
3. When the headset is charging, a white indicator light will be displayed.
4. When the headset is fully charged, the white light goes off.

## Turn on and off the headset

1. Turn the headset on. Press and hold for 1 sec.
2. Turn the headset off. Press and hold for 4 sec. A white indicator light turns on and fades and then the headset will turn off.

## Pair the headset with your phone

Pair the headset with your phone manually or by using NFC. After successful pairing, the headset connects automatically to the phone once the headset is turned on and within range.

### Manual Pairing

1. Make sure your headset is turned off.
2. Press and hold until an alternating blue and white light flashes.
3. Turn on the Bluetooth function on your phone.
4. Your phone will start searching for Philips SHB7150.
5. Follow the on-screen instructions to pair your phone. (Check your phone's user manual for details)

'0000' not required for some mobile phones

### NFC Pairing

1. Make sure your headset is turned off.
2. Press and hold until an alternating blue and white light flashes.
3. Make sure you turn on the NFC function on your phone and that your phone's screen remains active.
