

EMILIA GLEM Rangehood Collection

Emilia Glem rangehoods meet the demands of today's kitchens and complement the extensive range of Emilia and Glem cooking appliances.

The slide out rangehoods allow for integration with cupboards for compact, urban living and streamlined, galley kitchens. For larger showpiece kitchens, the elegant canopy rangehoods provide high extraction capacity and a commercial look that appeals to serious cooks.

All rangehoods feature quality stainless steel construction and dishwasher safe filters, working to minimise cooking odours and moisture build up in the home.
