

Remote Control Guide

Quick Start Guide

Kansas City | Summer 2016

- On/Off** Your DVR still records even when the TV Box is turned off.
- Record** Records the content you are watching. (Note that since everything you watch is recorded, this actually confirms that the DVR should keep recording and that it should continue recording that show, even if you stop watching it.) Also, schedules a program that is highlighted on the on-screen guide or info overlay to be recorded. Press it again to display recording options.
- Select** Displays info about the current show while watching full-screen video.
- Rewind** Rewinds the content you are watching. Does not work while paused.
