

# **GUV3060**

True Wireless Earbuds

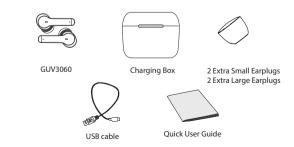

Quick User Guide

## **Headset Components**

# **Package contents**

#### **Pairing Procedure**

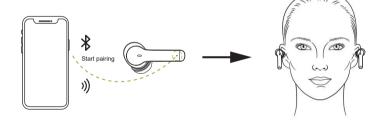

#### **Enter Pairing Mode**

Opening the top cover of the charging box will trigger the automatic pairing mode with both indicator lights flashing.

**Note:** The pairing takes about 10s and the sound "connected" indicates its success.

#### Start Pairing

Enable "Bluetooth" function on the phone, search for "GUV3060", click to connect and wait for the sound "connected' indicating its success.

During this process, both indicator lights will turn off first and then the blue indicator light would turn to slow flashing.

**Note:** The earbuds would shut down for power saving when not connected to the Bluetooth device for 5 minutes.

Connect the Charging Box to a powered USB port using the USB Type-C cable.

**Note:** It takes about 2 hours to fully charge the charging box and the earbuds.

# Charging the Earbuds

Place the earbuds inside the Charging Box. The magnet parts inside would adjust the earbuds to a fit condition.

**Note:** It takes about 2 hours to fully charge the earbuds.

### **Wireless Charging**

Place the charging box on the center of the wireless charger (not provided) as shown in the illustration.

**Note:** It takes about 4 hours to fully charge the earbuds and the charging box.

# Charging Indicator Status

Item	Status	Indicator
Earbuds	Charging Fully-charged	Blue indicator light on Blue indicator light off
Charging Box	Charging	Red indicator light on
	Fully-charged	Green indicator light on
	Low Battery Level	Blue indicator light flashing every 5 seconds

# Certification information Common part:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

#### U.S. FCC Part 15 Regulatory Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- —Reorient or relocate the receiving antenna.
- —Increase the separation between the equipment and receiver.
- —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- —Consult the dealer or an experienced radio/TV technician for help.

#### Canada Regulatory Information

This device complies with Innovation, Science, and Economic Development Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2)this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'appareil doit accepter tout brouillage radioélectrique subi même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device is compliance with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance.

Le présent appa reil est conforme aux directives d'exposition RF, les utilisateurs peuvent acquérir les informations correspondantes sur l'exposition aux radiofréquences et sur la conformité de l'appareil.

#### **EU Regulatory Information**

Support Frequency Bands and Power:

BT/BLE 2402-2480 MHz<1dBm

The simplified EU declaration of conformity referred to in Article 10(9) shall be provided as follows:

Hereby, [Grandstream Networks, Inc.] declares that the radio equipment type [GUV3060] is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.grandstream.com
