Limited time offer.
Unlimited design possibilities.

Buy one, get one free* on select Autodesk® products until January 24, 2014.

Promo dates: December 7, 2013 – January 24, 2014

- Get current offer for customers trading in two (2) valid R14-2007 licenses of select Autodesk products (see list on reverse side)
- Customers can purchase a Commercial New Perpetual License of selected Autodesk product and receive a second license of the same product for free when they trade in two (2) eligible pre-2008 products.
- The product(s) the customer currently holds does not determine which product they can purchase through this offer
- Cannot combine with other discounts, offers or promotions unless explicitly stated.
- Cannot combine with Volume Purchase agreements or Major Account discounts.
- The pre-2008 products traded in must be uninstalled in accordance with the applicable License and Services Agreement
- Products not stated as eligible in the table below are excluded from the promotion

Eligible 2014 Products
Any of the Autodesk® Design and Creation Suites
AutoCAD Verticals: AutoCAD® Architecture, AutoCAD® MEP, AutoCAD® Civil 3D, AutoCAD® Map 3D, AutoCAD® Mechanical, AutoCAD® Electrical, AutoCAD® Plant 3D, AutoCAD® P&ID, AutoCAD® Utility Design
M&E Products: 3ds Max®, 3ds Max® Design, Maya® Softimage
AutoCAD® and AutoCAD® for Mac

The right tool at the right time, in one package, for less

Autodesk® 3D design and creation suites provide expanded toolsets, unique interoperability, and a consistent user experience—for building design, product design, entertainment creation, and more.

- Autodesk® Design and Creation Suites offer more tools and cloud services so you can take advantage of smoother workflows, better access to project information, and enhanced collaboration
- Autodesk Design and Creation Suites supports comprehensive workflows in building, engineering, construction, infrastructure, product, plant, and factory design and entertainment creation that connect the desktop to mobile devices and the cloud.
- Do more, achieve better results faster, and collaborate more effectively. The 2014 editions of Autodesk Design and Creation Suites are better than ever—with more tools and better access to Autodesk® 360 cloud services.

Add Autodesk® Subscription to get:
- More cloud-computing capacity for faster rendering, optimization, analysis, and simulation
- Immediate access to the latest software
- More technical support and licensing options

Lock in several more years of AutoCAD support on Windows platforms.

Autodesk AutoCAD 2014 is the final version of AutoCAD software supported on Microsoft Windows XP operating systems and is also optimized for Microsoft Windows 7 and Windows 8, taking advantage of several usability improvements not available in XP.

Move to Autodesk® Design and Creation Suites

- Suites include AutoCAD, plus several powerful additional tools
- Help users to capture and showcase designs with impact and extend their design workflows

AutoCAD® Design Suite
- Use intuitive sketching, annotation, and illustration tools
- Create real-time 3D renderings
- Benefit from powerful raster editing

Autodesk® Building Design Suite
- Create better buildings with intelligent 3D model-based design
- Use integrated simulation and analysis
- Produce compelling visualizations

Autodesk® Infrastructure Design Suite
- Organize and classify your data using built-in industry data models
- Visualize your ideas with cinematic rendering

Autodesk® Plant Design Suite
- Design, model and review plant projects more effectively
- Communicate with greater clarity
- Keep projects on schedule and within budget

Autodesk® Product Design Suite
- Visualize, simulate, and collaborate with intuitive 3D product design software tools
- Design better products and get to market faster with Digital Prototyping capabilities
- Save time with data management

Autodesk® Factory Design Suite
- Design, optimize, and present the most efficient factory layout before installation
- Improve your design efficiency
- Meet compressed project schedules
- Optimize your factory layout process

Autodesk® Entertainment Creation Suite
- Easily create realistic rigid and soft body dynamics, and hair, fur, cloth, fluids
- Benefit from enhanced single-step interoperability to share data
- Animate in real time with a broad range of specialized tools

AUTODESK®

Promotion details

- The delivery of the offer is through dedicated promotion SKUs listed on the pricelists.

- Older licenses Serial Numbers must be provided to be eligible for this offer – those old product licenses will be deactivated in Autodesk installed base.

- While the offer applies to all deployments (SLM, NLM and Citrix) deployments of the eligible products, the offer applies only to the product component and the activation fee itself is not included in the offer. It must be purchased separately for customers who are trading in SLM licenses to purchase NLM licenses.

Partners are responsible to make sure:
- Orders are always in multiples of 2 with the corresponding older Serial Numbers
- Older Serial Numbers are corresponding to products and releases listed in the table below.

Eligible R14-2007 Products to Trade In	
Product Name	Eligible releases
AutoCAD®	R14, 2000, 2000i, 2002, 2004, 2005, 2006, 2007
AutoCAD® Architectural Desktop	1, 2, 2i, 3, 3.3, 2004, 2005, 2006, 2007
AutoCAD® Civil 3D	2005, 2006, 2007
AutoCAD® Map/AutoCAD® Map 3D	2, 3, 4/2000, 4.5/2000i, 5, 6, 2004, 2005, 2006, 2007
AutoCAD® Land Development Desktop (LDDT) /Land Desktop (LDT)	1, 2, 2i, 3, 2004, 2005, 2006, 2007
Building Mechanical, Building Electrical	1, 2
Building Systems	1, 2, 3, 2004, 2005, 2006, 2007
Revit® Series	1, 2, 7, 8.1, 9, 9.1
Revit® Series - Building	9, 9.1
Revit®	4.5, 5, 5.1L, 6, 6.1, 7
Revit® Building	8, 8.1, 9, 9.1
Revit® Series – Systems Plus	1, 2
Revit® Series – Structure, Autodesk AutoCAD® Revit® Series - Structure, Revit® Structure	2, 3, 4
AutoCAD® P&ID	2007
AutoCAD® Electrical	2004, 2005, 2006, 2007
AutoCAD® Mechanical	14.5, 2000, 2000i, 6, 2004, 2005, 2006, 2007
Autodesk® Mechanical Desktop (MDT)	2, 3, 4, 4 Power Pack, 5, 5 Power Pack, 6, 2004/2004 DX
Autodesk® Utility Design	R3, 2006
Inventor® Professional	6, 7, 8, 9, 10, 11
Autodesk® Inventor® Professional Suite	10, 11
Inventor® Routed Systems Suite, Inventor® Simulation Suite	11
Inventor®	3, 4, 5
Inventor® Series (AIS) / Inventor® Suite	5, 6, 7, 8, 9, 10, 11
Autodesk® 3ds Max®	3, 4, 5, 6, 7, 8, 9
MotionBuilder®	7, 7.5
Maya® Complete, Maya® Unlimited	7.0.1, 8, 8.5
Viz	2, 4, 2005, 2006, 2007
