Product enhancements and releases

Stay ahead of the competition

With Maintenance Subscription you always have the latest and most powerful tools on hand. You can gain immediate access to software releases and product enhancements that can help you maintain a competitive edge all year long. Staying current with your Maintenance Subscription lowers your cost to access the latest software, helping you maintain a predictable software budget. It's an economical way to stay ahead of your competition.

Licensing Rights

The freedom to work the way you want.

When collaborating across internal and external teams, you need the right software on hand at the right time and place. With the following licensing rights,* Maintenance Subscription gives you more freedom with your software:

Previous Version Rights: Customers sometimes require you to deliver projects with a specific software version. With previous version rights, you're able to use both previous and current versions of desktop software to deliver your projects.*

Home Use Rights: Work doesn't always happen in the office—with home use rights you're able use your software at the office or at home.

Global Use Rights: Occasionally work requires you to travel far away from home—extra territory rights allows you to use your licensed software outside the country of purchase** for up to 90 days.

Support

Technical Support

Maintenance Subscription allows you to choose a level of technical support that best meets your needs and budget. Each option helps you with installation and configuration as well as troubleshooting issues with your software and cloud services.

Basic Support: Included in Maintenance Subscription, Autodesk® Basic Support provides access to a package of Autodesk online support services. Basic Support provides access to:

- Community support forums
- One-on-one Autodesk web support
- Autodesk online support, including a knowledge base with help documents, tutorials, and training videos, and the opportunity to search an extensive collection of Autodesk technical solutions and community support forum threads

Maintenance Subscription customers can also choose to purchase the premium offerings with Advanced Support or Enterprise Priority Support to help implement solutions faster, maximize productivity, and minimize downtime.

Advanced Support: This level of support provides one-on-one telephone and web access to senior Autodesk support specialists. Advanced Support features unlimited, priority, one-on-one, extended hours,** global phone support from senior Autodesk support specialists, remote desktop assistance, and prioritized web support options.

Enterprise Priority Support: Autodesk® Enterprise Priority Support is a premium support offering for Autodesk's direct, large-enterprise customers. It provides the most aggressive response targets for Autodesk product support as well as case status updates and resolution/mitigation targets. This offering also features a comprehensive program of proactive support and other services, including the assistance of a support account manager who personally oversees all account needs.

Autodesk cloud benefits

Gain a greater advantage with the cloud

Maintenance Subscription awards you more capacity and capability with flexible access, better collaboration, and accelerated design innovation—dramatically improving the way you work. Maintenance Subscription provides you access to cloud services where you can improve the way you visualize and optimize your designs through the virtually infinite computing capacity of cloud.

More cloud storage to work with

With Maintenance Subscription, the storage space available to you increases to 25 GB per seat. Saving files to the cloud allows you to access your work and connect with your teams, anytime, anywhere through the web or mobile applications. Today you can work wherever you're most efficient through a centralized workspace.

Your safe and secure cloud workspace

The Autodesk cloud platform is built on a secure, reliable, and protected infrastructure specifically constructed for web services. Work and collaborate with confidence, knowing your data and authentication are safe and backed up.

Extend your work from the desktop to the cloud

With Maintenance Subscription for a commercial product or suite you gain access to a collection of cloud services and cloud-enabled products. The virtually infinite computing capacity of the cloud allows you to run tasks without tying up your desktop or the need for expensive hardware. Now you can test the performance of multiple design options and rapidly increase the number of visualizations as an integrated part of your workflow.

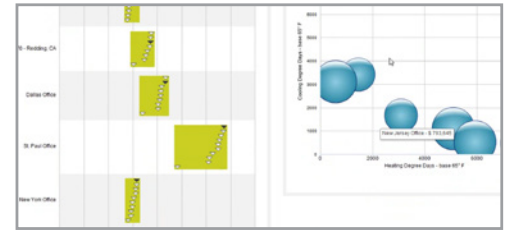

Impressive rendering

Rendering in the cloud reduces the time and cost it takes to create compelling, photorealistic visualizations and panoramas—without tying up the desktop or requiring specialized rendering hardware.
