1. Flash
2. Camera
3. Headset connector
4. Microphone
5. Front camera
6. Proximity sensor
7. Earpiece
8. Volume keys
9. Power/Lock key
10. USB connector
11. Loudspeaker
12. Microphone

Phone Setup

1. With the phone facing down, put your fingernail in the small slot on the back cover, bend the back cover open, and remove it.
2. Hold the SIM card with metal contacts facing downward and the cut corner at the lower left. Slide the card into the SIM slot.
3. If applicable, hold the microSD card (sold separately) with metal contacts facing downward and the cut corner at the upper right. Slide the card into the microSD slot.
4. Replace the cover on the back of the phone; making sure it is lined up before pressing it into place around all of the edges.

Warning!

To avoid damage to the phone, only use the SIM included in the box or provided to you by Cricket.

Touch Screen

Navigating your phone

- Use your fingertip to lightly touch the screen.
- Use quick flicks of your finger to swipe up, down, left or right on the touch screen.
- Tap the home key  at any time to return to the main home screen.
- To switch apps, swipe up on the home key. Swipe up again to see all apps.
- Tap and drag your finger from the bottom of the screen upward to access applications on your phone.

Notification panel

Access app alerts, new messages and emails, software updates and more!

- Tap and drag your finger from the top of the screen downward to see the Notifications panel.

- With the Notifications panel open, tap the top of the screen again and drag down to expand the quick settings menu.
- Tap  to access the Settings menu.
- To see notification dots, in the Settings menu, tap Apps & notifications > Notifications and switch Allow notification dots to on. A small dot will appear on the app icon, if you've got a notification, but haven't attended to it yet. Tap and hold the icon to see available options. You can tap the notification to open it, or swipe to dismiss.

Personalize

Set wallpaper

- To change your home or lock screen wallpaper, press and hold a blank part of the home screen and tap Wallpapers.
- Select a wallpaper and tap SET WALLPAPER. Then, in the menu that pops up, select an option to set the wallpaper for your Home screen, Lock screen or both. You can also tap Photos to select an image from your gallery.

Add to home screen

- To add app shortcuts, swipe up from the bottom of the screen to access applications. Press and hold the desired app and drag it to the home screen.
- To add widgets, press and hold a blank part of the screen and tap Widgets. Press and hold the desired widget and drag it to the home screen.

Organize home screens

- To move a widget or app shortcut press and hold it, and then drag it to a new location. To delete, drag it to the X Remove.
- Press and hold an app shortcut, drag it on top of another, then release, to create a folder.
- To rename a folder, tap the folder title and type a new name.

Set fingerprint

You can unlock your phone with just a touch of your finger. Set up your fingerprint ID for extra security.

- Tap  > Security & Location > Fingerprint. If you don't have screen lock set up on your phone, tap Screen lock.
- Select what backup unlocking method you want to use for the lock screen and follow the instructions shown on your phone.
