Product and safety information

Remote control functions may vary depending on the model of your device and application. Sound track instructions do not respond to iOS devices. Since devices with Bluetooth wireless connectivity are not considered mobile phones, they are not subject to the same restrictions as mobile devices must, however, be within 10 meters (33 feet) of each other, although the connection may be subject to interference from obstructions such as walls or other electronic devices.

Frequency Band: 2400 MHz + 2483 MHz

Maximum Radio Frequency Power: <4 dBm

For your safety

Important: Read these simple guidelines. Not following them may be dangerous or against local laws and regulations. If further info, read the complete user guide.

Switch off the device if it causes interference, for example, in aircraft, in hospitals or near medical equipment, fuel, and flammable areas. Only in instructions in restricted areas.

All wireless devices may be susceptible to interference, which could affect performance.

Batteries, chargers, and other accessories

Use only batteries, chargers, and other accessories approved by HMD Global Oy for use with this device. Never use incompatible products.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

Hearing: When you use the headset, your ability to hear outside sounds may be affected. Do not use the headset where it can endanger your safety.

Small children: Your device and its accessories are not toys. They may contain small parts. Keep them out of the reach of small children.
