# 1 Purpose

This technical reference guide addendum provides information about the HP LaserJet 1010 series printer software system files. This reference is also presented in an electronic format to serve as a quick reference tool for Customer Care Center (CCC) agents, support engineers, system administrators, and second-level management information system (MIS) personnel.

# 2 Windows 95 system changes through installation (parallel [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during an Add Printer installation when the HP LaserJet 1010 series software is installed on computers running Windows 95 operating systems using a parallel connection.

---

**Note**

This listing does not include files that are created, and then deleted, during the installation process.

# 4 Windows 98 SE system changes through installation (USB [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during a full installation when the HP LaserJet 1010 series software is installed on computers running Windows 98 SE operating systems using a USB connection.

---

## Note

This listing does not include files that are created, and then deleted, during the installation process.

## Registry entries

# 5 Windows 98 SE system changes through installation (parallel [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during a full installation when the HP LaserJet 1010 series software is installed on computers running Windows 98 SE operating systems using a parallel connection.

---

## Note

This listing does not include files that are created, and then deleted, during the installation process.

## Registry entries

# 6 Windows 2000 system changes through installation (USB [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during a full installation when the HP LaserJet 1010 series software is installed on computers running Windows 2000 operating systems using a USB connection.

---

**Note**

This listing does not include files that are created, and then deleted, during the installation process.

# 7 Windows 2000 system changes through installation (parallel [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during a full installation when the HP LaserJet 1010 series software is installed on computers running Windows 2000 operating systems using a USB connection.

---

## Note

This listing does not include files that are created, and then deleted, during the installation process.

## Registry entries

# 8 Windows XP system changes through installation (USB [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during a full installation when the HP LaserJet 1010 series software is installed on computers running Windows XP operating systems using a USB connection.

---

## Note

This listing does not include files that are created, and then deleted, during the installation process.

## Registry entries

# 9 Windows XP system changes through installation (parallel [hp LaserJet 1010, 1012, 1015]) [public]

The lists in the following sections detail the folders and files that are added to the computer during a full installation when the HP LaserJet 1010 series software is installed on computers running Windows XP operating systems using a parallel connection.

---

## Note

This listing does not include files that are created, and then deleted, during the installation process.

## Registry entries
