Notification LED

The notification LED shows a:

- Solid green light when you phone is connected to the power adapter or a computer and the battery is fully charged.

- Flashing green light when you have a pending notification.

- Solid orange light when the battery is being charged.

- Flashing red light when the battery level reaches very low.

Notifications panel

When you get a new notification, you can open the Notifications panel to see the message, reminder or event notification. The Notifications panel lets you quickly switch between recently-opened apps, and also lets you easily turn on settings such as Wi-Fi and Bluetooth.

To open the Notifications panel, press and hold the status bar, then slide your finger downward.
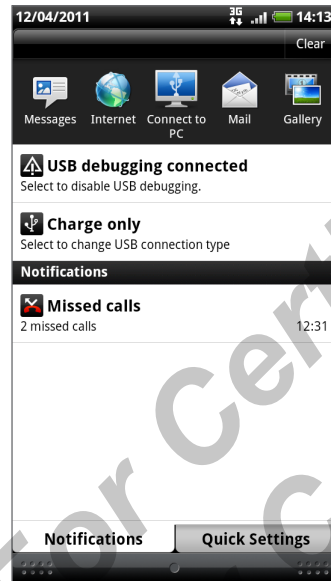

If you have several notifications, you can scroll down the screen to see them all.
