SiriusXM® Satellite Radio information

Satellite Radio channels:

Enjoy SiriusXM Satellite Radio with a 3-month trial subscription to the Sirius Select package. You'll get over 140 channels, including commercial-free music, plus all your favorite sports, exclusive talk, entertainment, and a selection of premium programming. For more information and a complete list of SiriusXM channels, visit sir-iusxm.com in the United States, sir-iusxm.ca in Canada, or call SiriusXM at 1-888-539-7474.

Satellite Radio reception factors:

To receive the satellite signal, your vehicle has been equipped with a satellite radio antenna located on the roof of your vehicle. The vehicle roof provides the best location for an unobstructed, open view of the sky, a requirement of a satellite radio sys-tem. Like AM/FM, there are several factors that can affect satellite radio reception performance:

• Antenna obstructions: For optimal reception performance, keep the antenna clear of snow and ice build-up and keep luggage and other material as far away from the antenna as possible.

• Terrain: Hills, mountains, tall build-ings, bridges, tunnels, freeway overpasses, parking garages, dense tree foliage and thunder-storms can interfere with your reception.

SiriusXM Satellite Radio service:

SiriusXM is a subscription-based satellite radio service that broad-casts music, sports, news and enter-tainment programming to radio receivers, which are available for installation in motor vehicles or facto-ry installed, as well as for the home, portable and wireless devices, and through an Internet connection on personal computer.

Vehicles that are equipped with a factory installed SiriusXM Satellite Radio system include:

• Hardware and an introductory trial subscription term, which begins on the date of sale or lease of the vehicle.

• For a small upgrade fee, access to SiriusXM music channels, and other select channels over the Internet using any computer connected to the Internet (U.S. customers only).

For information on extended sub-scription terms, contact SiriusXM at 1-888-539-7474.

NOTE:
SiriusXM services require a sub-scription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatical-ly renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for com-plete terms at www.siriusxm.com. SiriusXM U.S. satellite and data services are available only in the 48 contiguous USA, DC and PR (with coverage limitations). SiriusXM satellite service is also available in Canada; see www.sir-iusxm.ca. All fees and program-ming subject to change. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

• To change Prompt Feedback [ON] / [OFF], go to [SETUP] ▶ [System] ▶ [Prompt Feedback]

✽ NOTICE

For proper recognition, say the command after the voice instruction and beep tone.

Contact List Best Practices

1) Do not store single-name entries (e.g., "Bob", "Mom", "Kim", etc.). Instead, always use full names (including first and last names) for all contacts (e.g., use "Jacob Stevenson" instead of "Dad").

2) Do not use abbreviations (i.e., use "Lieutenant" instead of "Lt." or "Sergeant" instead of "Sgt.").

3) Do not use acronyms (i.e., use "County Finance Department" instead of "CFD").

4) Do not use special characters (e.g., "@", "hyphen -", "asterisk *", "ampersand &").

5) If a name is not recognized from the contact list, change it to a more descriptive name (e.g., use "Grandpa Joseph" instead of "Pa Joe").

Skipping Prompt Messages

While prompt message is being stated ▶ Shortly press the [🖐] key on the steering remote controller.

The prompt message is immediately ended and the beep tone will sound. After the "beep", say the voice command.

Re-starting Voice Recognition

While system waits for a command ▶ Shortly press the [🖐] key on the steering remote controller.
The command wait state is immediately ended and the beep ton will sound. After the "beep", say the voice command.
