

## Traffic

Select the  button on the bottom left of the screen ► Select the **Traffic** button.

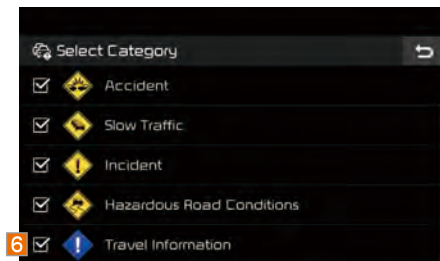

### Traffic List

On the traffic list, the current traffic/road event information is displayed in order of distance.

Name	Description
<b>1</b>	Direction from the current location.
<b>2</b>	Distance from the current location (mi or km).
<b>3</b>	Displays traffic info symbol based on the type of event.
<b>4</b>	Description of traffic event.

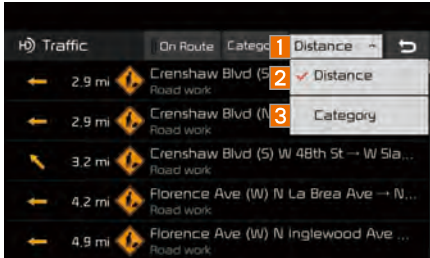

Additional traffic information may be displayed upon clicking on the **Category** button.

Name	Description
<b>1</b>	Display 'Road Construction' information.
<b>2</b>	Display 'Accident' information.
<b>3</b>	Display 'Slow Traffic' information.
<b>4</b>	Display 'Incident' information.
<b>5</b>	Display 'Hazardous Road Conditions' information.
<b>6</b>	Display 'Travel Information'.

When **On Route** is activated, only traffic information on your route is displayed.

On the traffic list, the current basic traffic/road event information is displayed in order of distance.

Select the combo box to change the arrangement in order of Category/Distance.

Name	Description
1	Select the combo box to arrange.
2	Arrangement by distance: Display the traffic information in order of distance closer to the current location.
3	Arrangement by category: Display traffic information arranged in order of traffic information event type.

### Traffic detail

Select the button on the bottom left of the screen ► Select the Traffic button.

Select the traffic information on the traffic list to display the detailed screen as shown in the screen.

Display the symbol of traffic event and arrow which indicates the road from start to end of the traffic event. Detailed information is available on the right screen.

Name	Description
1	Symbol of traffic event.
2	Event name of traffic information.
3	Road name/road number including direction.
4	Direction and distance from the current location.
5	Intersection where traffic event starts.
6	Intersection where traffic event ends.
7	Total distance of traffic event.
8	Check the previous traffic information (Enabled only when there are two or more events on the On Route)
9	Check the next traffic information (Enabled only when there are two or more events on the On Route)
10	Detour the route based on the traffic information.

## Traffic detour

Select the  button on the bottom left of the screen ► Select the  button.

If there is traffic information on the route, it is possible to detour the route using traffic information and search other routes.

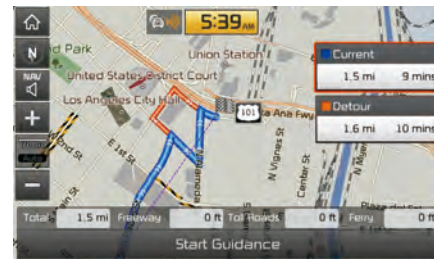

When the  button is enabled in the View Traffic Detail, press the  button to detour.

Select the desired section.

Check the information and press the  button.

Select the  button to apply the detoured sections and search other routes.

## Save

Select the  button on the bottom left of the screen ► Select the **Save**.

To store the location on the current map to the address book.

Name	Description
1	Change the name.
2	Enter the phone number.
3	Press <b>Icon&amp;Name</b> , <b>Icon</b> or <b>None</b> to display on the map screen.
4	Designate to the Favorite item. When the favorite is designated, press the button on the bottom of the Destination menu and request the route guide immediately.
5	Save the setting.

## Destination Search

### Places

You can enter POI Name, Address or Coordinates that you wish to search by.

Press the **NAV** head unit key. ► Select the **Destination** tab. ► Select the **Place or Address** Search Bar.

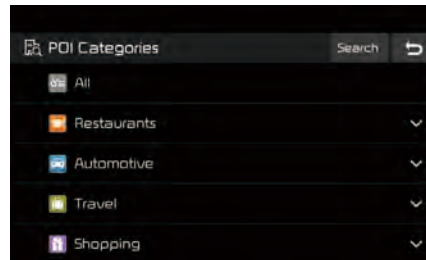

Enter the POI Name, Address and Coordinates of the location you want in the input window above, and press the **OK** button.

If you select a location from the search result list, it will bring you to the point.

If you press the **Filter by City** button on the search result screen, it will bring you to the City search screen where you can filter the search results by city names.

If you press the **Filter by Category** button from the search result screen, it will bring you to the POI Categories screen where you can filter the search results by POI Categories.

Once the destination has been identified either by POI name, address, or coordinates, the map screen will be displayed. From this screen you can set the destination or add a waypoint, or add the displayed destination to your address book.

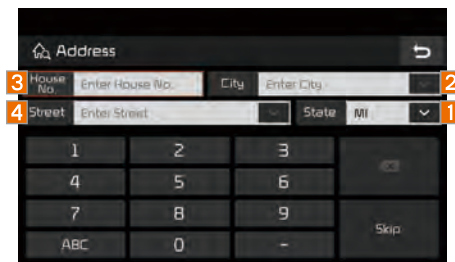

## Address

Set destination by address search.

Press the **NAV** head unit key. ► Select the **Destination** tab. ► Select the **Address** icon.

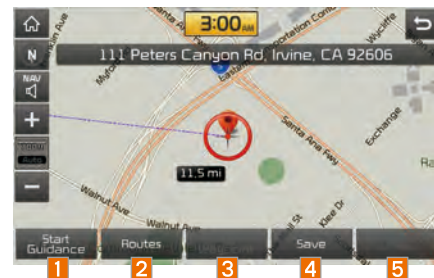

## How to Search Address

Search criteria can be entered in any order. Example: **State** then **City** then **Street** then **House No.**

Name	Description
<b>1</b>	Select state to search.
<b>2</b>	Select a city before entering the street name. Addresses are searched only from the selected city.
<b>3</b>	Enter house number. If you don't know the house number, press <b>Skip</b> button.
<b>4</b>	Enter a street name. If same street names exist in other cities, the list of cities will be displayed.

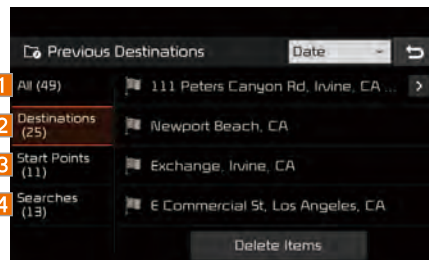

Enter the address to check the location information on the map.

Name	Description
<b>1</b> <b>Start Guidance</b>	Start the preferred navigation route to selected location.
<b>2</b> <b>Routes</b>	Choose the preferred navigation route to selected location.
<b>3</b> <b>Add Waypoint</b>	Set the location as a waypoint.
<b>4</b> <b>Save</b>	Save the location.
<b>5</b> <b>POI</b>	Search nearby POIs.

## Previous Destinations

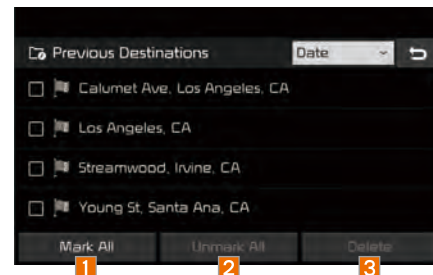

Select from previously inputted addresses and POIs.

Press the **NAV** head unit key. ► Select the **Destination** tab. ► Select the **Previous Destinations** icon.

Arrange by all, latest destinations, latest searched places and latest departing places. Arrange in order of date and time.

Name	Description
<b>1</b> All	Display all destinations, departing places, and searched places.
<b>2</b> Destinations	Display previous destination places for route guidance.
<b>3</b> Start Points	Display previous departing places for route guidance.
<b>4</b> Searches	Display previously searched places for route guidance. <i>i</i> But, not displayed when the searched places are set as destination.

Press the **Delete** button to delete the information.

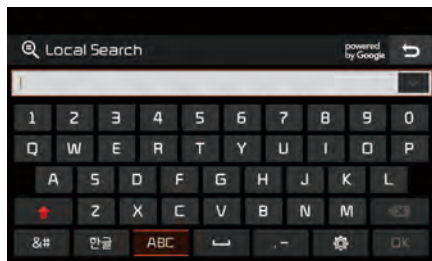

Name	Description
<b>1</b> Mark All	Select all.
<b>2</b> Unmark All	Deselect all.
<b>3</b> Delete	Delete the selected item(s).

## Local Search

Press the **NAV** head unit key. ▶ Select the **Destination** tab. ▶ Select the **Local Search** icon.

Runs Google Local Search.

Enter the desired keywords and press the **OK** button.

Searching is in progress.

If one or more results are found, the search results are displayed. Select one of the search result.

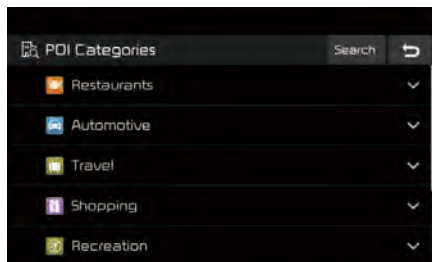

Press the **Start Guidance** button to start guidance.

If search or guidance fails, the connection error message is displayed as above. Please try again.

## POI Categories

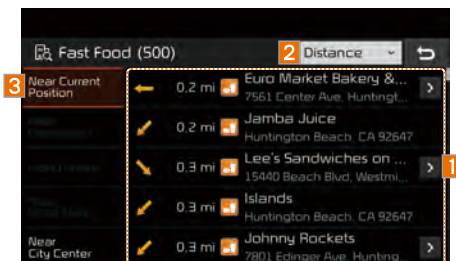

Press the **NAV** head unit key. ► Select the **Destination** tab. ► Select the **POI Categories** icon.

Select the desired item.

Select the desired item in the sub-categories.

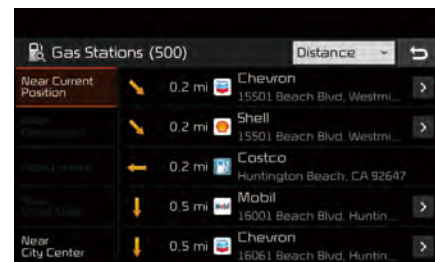

Name	Description
1	Select the desired destination among the searched items and add it as a way point.
2	Arrange in order of Distance and Name.
3	Arrange in order of Near Current Position, Near Destination, Along Route, Near Scroll Mark and Near City Center.

## Gas Stations

Search for gas stations.

Press the **NAV** head unit key. ► Select the **Destination** tab. ► Select the **Gas Stations** icon.

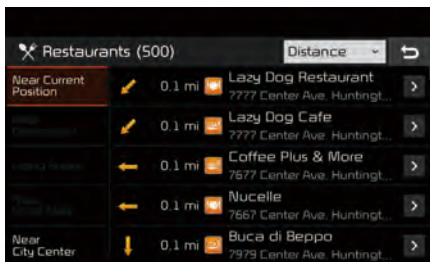

Select the desired destinations among the search items.

## Restaurants

Search restaurants.

Press the **NAV** head unit key. ▶ Select the **Destination** tab. ▶ Select the **Restaurants** icon.

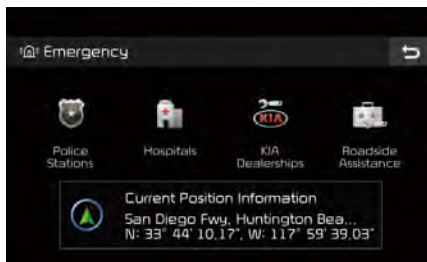

Select the desired destination among the searched items.

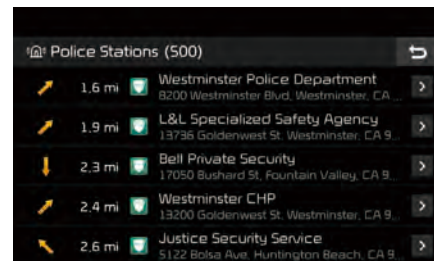

## Emergency

Search emergency facilities.

Press the **NAV** head unit key. ▶ Select the **Destination** tab. ▶ Select the **Emergency** icon.

Check the current location information and select the desired item in the sub menu. (ex. Police Stations)

Select the desired destination among the searched items.
