PART 4
VOICE COMMAND SYSTEM

VOICE COMMAND SYSTEM

Operating voice command

Condition for voice command system

Most of the functions within the AV and Navigation system can be operated by voice. Please follow the following instructions for optimal voice recognition performance.

- Close all windows and the sunroof. The performance of the voice recognition can be improved if the environment of the car interior is quiet.
- Press the voice recognition button and say the desired voice command after the sound of the beep.
- The microphone is positioned above the driver so that voice commands can be said while maintaining a proper posture.
- Pronounce the voice commands naturally and clearly as if in a normal conversation.

Basic operation for voice command control

① Press the 🎙️ button on the steering wheel remote controller.
A voice command window will be displayed on the lower side of the screen followed by a "Command please" system voice comment.

ℹ️ *INFORMATION*
The System voice comment "Command Please" will not be provided when the Voice prompt is turned OFF.

② Once the 🔊 icon changes into the 🔊 icon on the pop-up screen with a beep sound, say the desired voice command (ex : previous destination)
🔍 [Voice command list], page 4-6.
🔍 [Searching a destination by voice command], page 4-19.

If the exact command is not known, use the "Help" command to view the commands list in detail.

ℹ️ *INFORMATION*
Press the 🎙️ shortly to input a voice command from among the system voice comments.
The system voice instruction comment will immediately terminate.

When the ![icon] icon changes into the ![icon] icon with a beep sound, input the desired voice command.

Previous Destination
1 GLASSMAN KIA
2 DICK SCOTT KIA
3 LAFONTAINE KIA
4 SUMMIT PLACE KIA
5 HYUNDAI KIA TECHNICAL CENTER
6
Previous Destination

③ The inputted command is fed back to the screen and voice system.
If the command was not recognized properly, say "Back".

ℹ️ **INFORMATION**
• The commands which can currently be inputted are displayed on the screen in yellow.
• To terminate the voice recognition system, either say "cancel" or press the ![icon] for over 0.8 second.
• Be aware that during the operation of the voice recognition system, pressing the hard keys or the screen will terminate the voice recognition system.

Voice command Help

① Press the ![icon] button on the Steering wheel remote controller.
A voice command window will be displayed on the lower side of the screen followed by a "Command please" system voice comment.

ℹ️ **INFORMATION**
The System voice comment "Command Please" will not be provided when the Voice prompt is turned OFF.

② Once the ![icon] icon changes into the ![icon] icon on the pop-up screen with a beep sound, say "Help".
If the proper Help menu is already known, voice commands, such as "destination help" can be inputted directly.

ℹ️ **INFORMATION**
The "help" command can be used even while voice recognition dialogue is operating.
At such time, help instructions appropriate to the state of the dialogue will be provided.

Help
Destination Help   Map Help
Radio Help   SIRIUS Help
Disc Help   USB Help

Help

③ Say the name of the desired menu.
(ex : "Destination help")

Destination Help
Find Address
Previous Destination
Find nearest POI
Find nearest <POI name>
 Ex) Find nearest ATM
Go Home
Destination Help

④ Say the desired voice command.

VOICE COMMAND SYSTEM

Setting up the voice command system

Setting voice prompt ON/OFF

- Voice prompt ON : All system prompts are provided.
- Voice prompt OFF : Most of the system prompts are not provided.

① Press the 🎙 button on the Steering wheel remote controller.

② Once the 🔊 icon changes into the 🔴))) icon on the pop-up screen with a beep sound, say "Voice setup." The "voice prompt on" or "voice prompt off" can be directly inputted if the current state is already known.

③ Once the icon changes into the icon on the pop-up screen with a beep sound, say "Voice Prompt on".

ℹ️ *INFORMATION*

In the Voice Setup Help screen, the commands possible for input within the current mode are displayed. For example, if the Voice prompt is currently in Off state, then the command Voice prompt ON will be displayed on the screen.

Speaker adaptation

① Press the 🎙 button on the Steering wheel remote controller.

② Once the 🔊 icon changes into the 🔴))) icon on the pop-up screen with a beep sound, say "Voice setup."
Or the "Speaker adaptation" command can be directly inputted.
③ Once the 🔊 icon changes into the 🔴))) icon on the pop-up screen with a beep sound, say "Speaker adaptation".

Speaker Adaptation

Yes
No

Speaker Adaptation

④ Once the 🔊 icon changes into the 🔴)) icon on the pop-up screen with a beep sound, say "Yes".

Speaker Adaptation

🔊 Synchronize

Just give each utterance back after the beep.

Synchronize

⑤ Listen and repeat the 20 commands (approximate) as instructed by the device.

● Reset Speaker adaptation: Returns to previous state prior to applying Speaker adaptation.

① Press the 🎤 button on the Steering wheel remote controller.

② Once the 🔊 icon changes into the 🔴)) icon on the pop-up screen with a beep sound, say "Reset Speaker adaptation".

Voice command list

The voice commands for this system are divided into Global commands and Local commands.

- Global command (●) : Commands which operate in all operating modes.
- Local command (○) : Commands which operate only when the corresponding mode is operating or when the mode screen to the corresponding mode is displayed.

Command list of Help

	Command	Operation
●	Help	Displays the main Help screen.
●	Destination Help	Displays the Destination related command list.
●	Map Help	Displays the Map related command list.
●	Radio Help	Displays the FM/AM radio related command list.
●	SIRIUS Help	Displays the SIRIUS radio related command list.
●	Disc Help	Displays the DISC mode related command list for the disc inserted in the CDP.
●	iPod Help	Displays the iPod related command list.
●	USB Help	Displays the USB related command list.
●	Phone Help	Displays the Phone Help screen.
●	Voice setup Help	Displays the Voice prompt settings and speaker-adaptive commands on the screen.

Command list of Audio system

■ FM/AM Radio

	Command	Operation
●	Radio	Plays the most recent frequency for the most recently operated Band.
●	(Radio) AM	Plays the most recent frequency for the corresponding Band.
●	(Radio) FM	Plays the most recent frequency for the corresponding Band. In the case of FM, the most recent frequency within the most recently played FM1 or FM2 band is played.
●	FM <1 or 2>	Plays the most recent frequency for the corresponding Band.
●	AM frequency <530 to 1710>	Plays the desired AM band frequency. (ex. AM frequency 1310)
●	FM frequency <87.5 to 107.9>	Plays the desired FM band frequency.(ex. FM frequency 99.1)
●	AM Preset <1 to 6>	Plays the desired AM band preset frequency.
●	FM <1 or 2> Preset <1 to 6>	Plays the desired preset frequency of FM1 or FM2 band.
○	Preset <1 to 6>	Plays the desired preset frequency for the current Band.
○	Seek Up	Searches and plays the next frequency of the current band.
○	Seek Down	Searches and plays the previous frequency of the current band.
○	Preset Up	Plays the next preset frequency of the current band.
○	Preset Down	Plays the previous preset frequency of the current.
○	Scan	Scans all frequencies within the current band.
○	Preset Scan	Scans the 6 preset frequencies of the current band.
○	Auto Preset / Auto Store	Searches all frequencies within the current band and stores the 6 frequencies with the most superior reception as preset buttens.

■ **SIRIUS Radio**

	Command	Operation
●	SIRIUS	Plays the last channel within the last band from SIRIUS1, SIRIUS2, and SIRIUS3.
●	SIRIUS <1 or 2 or 3>	Plays the most recent channel for the corresponding Band.
●	SIRIUS Channel <0 to 223>	Plays the desired SIRIUS band channel.
●	SIRIUS <1 or 2 or 3> Preset <1 to 6>	Plays the desired preset channel for SIRIUS1 or SIRIUS2 or SIRIUS3 band.
○	Channel < 0 to 223 >	Plays the desired channel of the current band.
○	Preset <1 to 6>	Plays the desired preset channel of the current band.
○	Channel Up	Plays the next channel of the current band.
○	Channel Down	Plays the previous channel of the current band.
○	Preset Up	Plays the next preset channel of the current band.
○	Preset Down	Plays the previous preset channel of the current band.
○	Scan	Scans all frequencies within the current band.
○	Preset Scan	Scans the 6 preset frequencies of the current band.

■ CD

Command	Operation
● DISC	Plays the DISC already inserted in the CDP.
● CD	If the DISC inserted in the CDP is either a CD or MP3 DISC, then the CD or MP3 will be played.
● CD track <1 to 665>	If the DISC inserted in the CDP is a CD, then CD Mode will start and plays the desired track.
○ Track <1 to 665>	Plays the desired track.
○ Next track	Plays the next track.
○ Previous track	Plays the previous track.
○ Scan	Scans all tracks on the CD.
○ Repeat track	Repeats the current playing track.
○ Random	Plays the tracks of the CD in random order.
○ Normal play	Turns off the Scan, Repeat, and Random functions.
○ Pause	Pauses the CD.
○ Play	The command will only be enabled when the CD is paused.

■ **MP3**

	Command	Operation
●	DISC	Plays the DISC already inserted into the CDP.
●	CD	If the DISC inserted in the CDP is either a CD or MP3 DISC, then the CD or MP3 will be played.
●	MP3	If the DISC inserted in the CDP is an MP3 DISC, then the MP3 will be played.
○	Next file	Plays the next file.
○	Previous file	Plays the previous file.
○	Next folder	Plays the first file in the next folder.
○	Previous folder	Plays the first file in the previous folder.
○	Scan	Scans all files within the MP3 DISC.
○	Folder Scan	Plays all songs in the folder in which the current playing file is located for 10 seconds each.
○	Repeat File	Repeats the current playing file.
○	Repeat Folder	Repeats all tracks within the current playing folder.
○	Random	Plays all files within the MP3 DISC in random order.
○	Random Folder	Plays all files within the current playing folder in random order.
○	Normal play	Turns off the Scan, Repeat, and Random functions.
○	Pause	Pauses the CD.
○	Play	The command will only be enabled when the CD is paused.

■ USB

	Command	Operation
●	USB	If the USB has been connected to the device, plays the MP3 files within the USB.
○	Next file	Plays the next file.
○	Previous file	Plays the previous file.
○	Next folder	Plays the first chapter of the next folder.
○	Previous folder	Plays the first chapter of the previous folder.
○	Scan	Scans all files within the USB.
○	Folder Scan	Plays all songs in the folder in which the current playing file is located for 10 seconds each.
○	Repeat File	Repeats the current playing file.
○	Repeat Folder	Repeats all songs within the current playing folder.
○	Random	Plays all files within the MP3 DISC in random order.
○	Random Folder	Plays all files within the current playing folder in random order.
○	Normal play	Turns off the Scan, Repeat, and Random functions.
○	Pause	Pauses the CD.
○	Play	The command will only be enabled when the CD is paused.

■ **iPod**

	Command	Operation
●	iPod	Plays the songs within the iPod if the iPod has been connected to the device.
○	Next song	Plays the next song.
○	Previous song	Plays the previous song.
○	Repeat song	Repeats the current playing song.
○	Random	Plays all songs within the iPod in random order.
○	Random Album	Plays all songs within the current playing album in random order.
○	Normal play	Turns off the Repeat and Random functions.
○	Pause	Pauses the CD.
○	Play	The command will only be enabled when the CD is paused.

■ **Others**

	Command	Operation
●	Line in	Plays the unit connected with the AUX terminal.
●	Audio on	Turns on the Audio.
●	Audio off	Turns off the Audio.

Command list of Phone

	Command	Operation
●	Call Name	Makes the call to the name.
●	Dial Number	Makes the call to the number.
●	Redial	The recently called number is redialed.
●	Recent Calls	The user can selest a number from the outgoing, incoming, and missed calls.

Command list of navigation system

Navigation commands will operate only agreeing to the terms and conditions for the Navigation system.

■ Map

	Command	Operation
●	Map Current location	Displays the current position of the vehicle.
●	Zoom In	Decreases the map zoom by one level.
●	Zoom Out	Increases the map zoom by one level.
●	Zoom minimum	Displays the map screen in the maximum zoom level.
●	Zoom maximum	Displays the map screen in the minimum zoom level.
●	Zoom level <1 to 14>	Displays the map in the zoom level selected from the 14 levels.
●	Zoom <scale factor>	Displays the map in the corresponding zoom.

Command	Operation
150 feet / 50 meters 300 feet /100 meters 700 feet / 200 meters 0.25 miles / 400 meters 0.5 miles / 800 meters 1 mile / 1.6 kilometers 2 miles / 3.2 kilometers 4 miles / 6.4 kilometers 8 miles / 12 kilometers 16 miles / 25 kilometers 32 miles / 50 kilometers 64 miles / 100 kilometers 130 miles / 200 kilometers 250 miles / 400 kilometers (ex.Zoom 0.25 miles, zoom 400 meters)	
○ North up	Displays the map in North Up mode.
○ Heading up	Displays the map in Heading Up mode.
○ Show <POI name> (ex. Show ATM)	Displays the selected POI categories. 🔍 [POI Category list], page 4-18.
○ Hide <POI name> (ex. Hide ATM)	Hides the selected POI categories. 🔍 [POI Category list], page 4-18.
○ Hide all	Hides all POI categories.
○ Daylight mode	Converts the map display into daylight mode.
○ Night mode	Converts the map display into night mode.
○ Auto mode	Converts the map display is between daylight/night modes automatically.

■ **Destination**

	Command	Operation
●	Find address	Sets the destination through address search for route guidance.
●	Find nearest POI	Sets a POI near the current position as the destination for route guidance through POI category search.
●	Find nearest <POI name>	Sets a POI near the current position as the destination by directly inputting the POI name for route guidance. 🔍 [POI Category list], page 4-18.
●	Destination POI by phone number	Sets the destination by searching the phone number of the facility.
●	Find Emergency <Category> (ex. Find Emergency Hospital)	Searches for an emergency facility which is nearby the current position and sets it as the destination for route guidance. Emergency facilities are police stations, hospitals, and dealerships.
●	Destination by address book	Sets one of the list of previously registered addresses in the address book for the user as the destination.
●	Previous destination	Sets one of the previous destination as the current destination.
●	Previous start point	Sets the previous start point as the current destination.
●	Go home	Sets the previously registered home address as the destination for route guidance.
●	Destination by memory point <1 to 5>	Sets a previously registered memory point as the destination for route guidance.

VOICE COMMAND SYSTEM

■ **Route**

	Command	Operation
●	Cancel route	Deletes the designated destination and terminates the route guidance.
●	Repeat voice guidance	Repeats the route guidance.
●	Detour <1 or 2 or 5 or 10> miles	Searches detour routes within a <1|2|5|10> mile radius.
●	Detour <1 or 2 or 5 or 10> kilometers	Searches detour routes within a <1|2|5|10> kilometer radius.
●	Replan recommended route	Recalculates the route with the recommended route.
●	Replan shortest route	Recalculates the route with the shortest route.
●	Replan minimize freeway route	Recalculates the route with the minimize freeway route.
●	Replan minimize toll road route	Recalculates the route with the minimize toll route.
●	Distance to destination	Reports the remaining distance until destination by voice.
●	Time to destination	Reports the remaining time until destination by voice.
○	View route	If the destination has been set, displays the whole route screen until the destination.
○	Start guidance	Sets the scroll mark displayed on the map as the destination and starts route guidance.

■ Others

Command	Operation
● Voice guidance on	Turns the Voice Guidance On.
● Voice guidance off	Turns the Voice Guidance Off.
● Voice guidance louder	Increases the Voice Guidance volume by 1 level.
● Voice guidance softer	Decrease the Voice Guidance volume by 1 level.
● Store marked location to <text tag> (ex. Store marked location to user 1)	Registers the selected location into the selected Address book.

BLUETOOTH HANDSFREE

PART 5
BLUETOOTH HANDSFREE

BLUETOOTH HANDSFREE

Before using the Bluetooth Handsfree

What is Bluetooth?

● Bluetooth allows wireless transmission of information between PC, mobile phones, headsets, PDAs, printers and other devices within close ranges by using 2.45Ghz frequency short-distance wireless telecommunication technologies.
● Within this vehicle, users can make handsfree calls, transmit mobile phone data, and play audio streaming files by connecting a mobile phone with the system.

Bluetooth®

Bluetooth is a trademark owned by
Bluetooth SIG, Inc.

Functions supported by Bluetooth Handsfree

● Pairing mobile phones (Up to 5 phones)
● Connecting/disconnecting mobile phones
● Making/Answering phone calls
● Downloading a Phone Book
● Downloading a Call history list
● Playing music saved in a Bluetooth phone in the vehicle

Some functions may not be supported in some mobile phone.

Converting Bluetooth Handsfree mode

Converting from AV/Navigation mode to Bluetooth Handsfree mode

① While in AV mode or Navigation mode, press the PHONE key or the 📞 key on the steering wheel.

② The system will change to Bluetooth Handsfree mode and display the PHONE screen.

③ The following screen will become displayed if no mobile phone has been connected.

Converting from Bluetooth Handsfree mode to AV/Navigation mode

① While in Bluetooth Handsfree mode, press an AV/Navigation mode key, such as FM/AM or MAPVOICE .
② The corresponding mode will be displayed.

ⓘ INFORMATION

Most of the functions of the AV or SETUP modes are not supported while on a Bluetooth Handsfree call. The call volume and Navigation (MAPVOICE, DEST, ROUTE) screens can be operated.

BLUETOOTH HANDSFREE

Pairing and connecting a Bluetooth phone

Pairing a mobile phone

① Press the Settings button on the PHONE screen.

② Press the Pairings button on the Settings screen.

③ The list of currently paired phones will be displayed. Press the Add to button to pair a new mobile phone.

ℹ️ **INFORMATION**

For safety reasons, pairing a Bluetooth phone is not possible when the vehicle is in motion.
Park the vehicle in a safe location to pair a new phone. It is possible to pair up to five mobile phones. In order to pair a new phone when there are already five mobile phones paired, you must first delete one of the previously paired phones.

④ From the Bluetooth device list within the mobile phone, add the car handsfree. The default name of the car system is SORENTO.

For more information on registering Bluetooth devices from the mobile phone, please refer to the mobile phone user's manual.

ℹ️ **INFORMATION**

While conducting a Bluetooth device search from the mobile phone, operating to another screen will prevent the car handsfree from being found in the mobile phone. Always conduct searches for Bluetooth devices with the Search Bluetooth device screen displayed.

⑤ When pairing the car handsfree from the mobile phone, a passkey input window will become displayed on the mobile phone screen. Input the passkey set within the car system into the mobile phone input window. (The factory state passkey is 0000.) As shown in the figure, once the passkey becomes successfully inputted, the Bluetooth connection between the car system and mobile phone will start.

⑥ Once Bluetooth connection is successful, the name of the connected mobile phone will become displayed on the PHONE screen and Bluetooth handsfree functions will operate.

ℹ️ **INFORMATION**

Some functions may not be supported due to limited Bluetooth compatibility between the car system and mobile phone.

Deleting a paired phone

① Press the [Settings] button on the PHONE screen.

② Press the [Pairings] button on the Settings screen.

③ The list of currently paired phones will be displayed. Select the phone you wish to delete from the list and press the [Delete] button.

④ A pop-up asking whether you wish to delete the paired phone will be displayed. Press the [Yes] button to delete the paired phone and the [No] button to cancel.
⚠ **CAUTION!**

A mobile phone cannot be deleted if it is currently connected to the car system.
To delete the phone, first disconnect the mobile phone and try again.

Connecting a mobile phone

❶ Press the [Settings] button on the PHONE screen.

❷ Press the [Connections] button on the Settings screen.

❸ The list of currently paired phones will be displayed. Select the phone you wish to connect from the list and press the [Connect] button.

ⓘ INFORMATION

When there are no paired phones, pair the mobile phone through [Settings>Pairings> Add to]. For more information on pairing mobile phones, refer to the user's manual [Pairing and Connecting a Bluetooth phone > Pairing a mobile phone].

❹ The Bluetooth connection between the car system and mobile phone will start.

❺ Once Bluetooth connection is successful, the name of the connected mobile phone will become displayed on the PHONE screen and Bluetooth handsfree functions will operate.

⑥ If the connection between the mobile phone and Bluetooth fails, the following pop-up will be displayed. If problems occur while connecting Bluetooth, check for the following conditions.

● Whether the mobile phone you wish to connect is in the vicinity of the car system
● Whether the power of the mobile phone Bluetooth has been turned off
● Whether the mobile phone Bluetooth has been set to hidden state
● Whether there are Bluetooth compatibility issues between the car system and another mobile phone

Disconnecting a mobile phone

① Press the Settings button on the PHONE screen.
② Press the Connections button on the Settings screen.

③ The list of currently paired phones will be displayed. Select the phone you wish to disconnect from the list and press the Disconnect button.

④ A pop-up asking whether you wish to disconnect the mobile phone will be displayed.
Press the Yes button to disconnect the mobile phone and the No button to cancel.
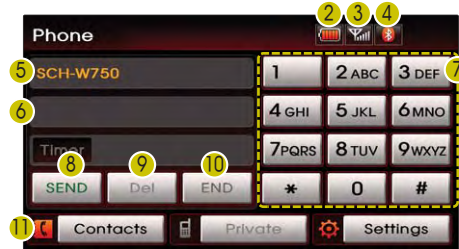

Bluetooth Handsfree screen layout

Bluetooth Handsfree screen and functions

■ **When there is no mobile phone connected**

① Settings : The user can set environment settings for the Bluetooth handsfree, such as pair/delete mobile phone, connect/disconnect mobile phone, set call volume, change device name and change passkey.

■ **When a mobile phone is connected**

② Phone battery charge status : Displays the battery charge status of the connected mobile phone. The battery charge status may not be displayed in some mobile phones.

③ Signal strength : Displays the mobile phone signal strength. The signal strength may not be displayed in some mobile phones.

④ Bluetooth connection state : Becomes displayed when a Bluetooth phone has been connected with the car system.

⑤ Name of connected mobile phone : Displays the name of the connected mobile phone.

⑥ Phone number input window : Displays the inputted phone number.

⑦ Dial : Input the phone number through the dial pad.

⑧ SEND : If a number has not been inputted into the phone number input window, then displays the call history list screen.

⑨ Del : Deletes the inputted number one digit at a time.

⑩ END : If a number has been inputted, then erases the entire number.

⑪ Contacts : Displays the phone book screen. The user can search previously saved phone numbers.

■ **When receiving an incoming call**

12 Accept : Accepts the incoming call.

13 Reject : Rejects the incoming call.

■ **When already on a call**

14 Busy icon : When already on a call, displays an icon shaped like a receiver.

15 Name of incoming caller : Displays the name of incoming caller. The name of the incoming caller will not be displayed if the caller's phone number has not been previously registered in the phone book.

16 Number of incoming caller : Displays the number of the incoming caller.

17 Call state : Displays the call state, such as talk time, phone connection, and end time.

18 END : Ends the call.

19 Private : When talking on the car handsfree, use this function to switch the call to the mobile phone. Press this button and the following screen will be displayed. The speaker and microphone will be switched to the mobile phone.

20 Mute : Use this function to mute the outgoing volume. Pressing the ⎡Mute⎤ button will display the 🔇 at the top right side of the screen and the caller will not be able to hear the conversation taking place in the car. Press the ⎡Mute⎤ button again to release the Mute function.

■ **When there is a call waiting**

21 Switch : Use this button to switch between callers when there are calls on call waiting.

22 END : Use this button to end the calls with all callers.

Making a call

Making a call by dialing a phone number

① Use the number pad on the right side of the PHONE screen to input the number you wish to call.

② Press the SEND button or the 📞 key on the steering wheel to make the call.

🛈 *NFORMATION*

To modify, press the Del button to delete the inputted number one digit at a time.
Press the END button or the 📞 key on the steering wheel to cancel the call.

Making a call from Speed Dial

① Use the number pad on the right side of the PHONE screen to input a speed dial number.

🛈 **INFORMATION**

Only speed dial numbers already stored on the mobile phone can be used for speed dial calls.
Up to 2-digit speed dial numbers are supported.

② Press the SEND button or the ☎ key on the steering wheel to make the call.

ⓘ INFORMATION

For 2-digit speed dial numbers, press and hold the 2nd digit to make a call to the speed dial number.

Making a call by redialing

① Press and hold (over 0.8 second) the SEND button on the PHONE screen or the ☎ key on the steering wheel.

ⓘ INFORMATION

Redialing is not possible when there is no call history or the call history list is being downloaded from the mobile phone. When there is no call history list, the SEND button will be inactive.

② The recently called number is redialed.

ⓘ INFORMATION

It is not possible to display the AV mode and Settings screen when on a phone call. Only the call volume and Navigation (MAP, DEST, ROUTE) screens can be operated.

Answering a call

Answering an incoming call

① The following screen will be displayed when you receive an incoming call.

② To answer the incoming call, press the Accept button or the 📞 key on the steering wheel.

Rejecting an incoming

① The following screen will be displayed when you receive an incoming call.

② To reject the incoming call, press the Reject button or the 📞 key on the steering wheel. The incoming call will be rejected.

ℹ️ *INFORMATION*

Upon receiving a call, the [Reject] function may not be supported in some mobile phones.

Operating menus during a call

Switching call to the mobile phone

① If you wish to switch the call to the mobile phone while talking on the car handsfree, press the Private button or press and hold (over 0.8 second) the 📞 key on the steering wheel.

② As shown, the call will be switched to the mobile phone.

ℹ️ **INFORMATION**

If you wish to switch the call to the car handsfree while talking on the mobile phone, press the Use handsfree button or press and hold (over 0.8 second) the 📞 key on the steering wheel. The call will be switched to the car handsfree.

Activating Call waiting

① If another person calls while already on a call, the following screen will be displayed.

② Press the Accept button or the 📞 key on the steering wheel to receive the incoming call by switching to the new caller.
