

# PROFESSIONAL HVLP SPRAY GUN KIT START UP GUIDE

Recommended for use with  
oil based paints only.

ITEM  
93305

## BEFORE FIRST USE

1

Take paint needle  
out of gun body.  
(Remove the Fluid Nozzle  
with a 19 mm Wrench,  
sold separately.)

2

Clean paint needle and  
inside gun body with  
mineral spirits.

3

Reassemble.

## BEFORE EVERY USE

Thin paint  
according to  
manufacturer's  
instructions.

Strain paint  
before using.

**CENTRALPNEUMATIC**

**IMPORTANT:** Clean immediately after use, before paint dries in  
Spray Gun. (See back for cleaning instructions).

# **IMMEDIATELY AFTER EVERY USE**

**IMPORTANT:** Clean the paint sprayer after every use while paint is still wet.
