

# INVOKE

For more product information, please visit [harmankardon.com](http://harmankardon.com)

## PRODUCT TOUR

## PLUG IN THE POWER

## GET CONNECTED

Set up and control your Invoke using your Windows 10 PC or Windows phone, or by downloading the Cortana app for iPhone or Android.

### FOR A WINDOWS 10 PC OR WINDOWS PHONE

To begin setup, open Cortana on your PC and select the device icon in the left rail and follow the instructions.

The Invoke works with the Windows 10 Creators Update.

If your PC isn't up to date, now's the time to get the best of Windows and Cortana. Open Settings, go to Update & security, and select Check for updates.

### FOR IOS AND ANDROID

Download the free Cortana app from the App Store or Google Play. When it's installed, open the app and follow the instructions on screen.

Cortana app required for Android and iOS devices (requires Android version 4.1.2 or higher, or iPhone 4 with iOS 8.0 or higher).

## TOUCH PANEL CONTROLS

Whenever you need assistance say "Hey Cortana."

The top of the device will light up to show Cortana heard you.

**Short tap** the touch area to do these things:

- Answer or end an ongoing call
- Stop the music
- Turn off an alarm or timer

**Long tap** the touch area for 3 seconds to do these things:

- Activate Cortana
- Ignore an incoming call

## WI-FI NETWORK

Press the Microphone On/Off button for 5 seconds to change your Wi-Fi network.

### IC Caution:

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

High power radars are allocated as primary users of the 5.25 to 5.35 GHz and 5.65 to 5.85 GHz bands. These radar stations can cause interference with and/or damage this device. No configuration controls are provided for this wireless equipment allowing any change in the frequency of operations outside the FCC grant of authorization for US operation according to Part 15.407 of the FCC rules.

\*FCC RF Radiation Exposure Statement Caution: To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons.\*
