WARNING: Do not use the JBL headset for more than 1 hour at a time. Excessive use may cause ear fatigue, ear pain, or other discomfort. If you experience any of these symptoms, stop using the headset immediately. If you have any questions or concerns, please contact your local retailer or the JBL customer support center.

CAUTION: Do not use the JBL headset in a vehicle. The headset is not designed for use while driving or operating heavy machinery. Use of the headset while driving or operating heavy machinery may distract you and cause an accident. It is illegal in many jurisdictions to use a handheld mobile phone while driving. If you must use the headset while driving, please use it in a hands-free mode and do not hold the headset. Do not use the headset if you are under the influence of alcohol or drugs. Do not use the headset if you are pregnant or breastfeeding. Do not use the headset if you have any medical conditions that may be affected by the use of the headset. Do not use the headset if you have any allergies to the materials used in the headset. Do not use the headset if you have any skin conditions that may be aggravated by the use of the headset. Do not use the headset if you have any other conditions that may be affected by the use of the headset. Do not use the headset if you are using any other medical devices. Do not use the headset if you are using any other electronic devices. Do not use the headset if you are using any other mobile devices. Do not use the headset if you are using any other communication devices. Do not use the headset if you are using any other audio devices. Do not use the headset if you are using any other video devices. Do not use the headset if you are using any other internet devices. Do not use the headset if you are using any other software applications. Do not use the headset if you are using any other services. Do not use the headset if you are using any other products. Do not use the headset if you are using any other equipment. Do not use the headset if you are using any other accessories. Do not use the headset if you are using any other peripherals. Do not use the headset if you are using any other components. Do not use the headset if you are using any other parts. Do not use the headset if you are using any other modules. Do not use the headset if you are using any other units. Do not use the headset if you are using any other systems. Do not use the headset if you are using any other networks.
