

OWNER'S MANUAL

JBL AUTHENTICS QI

USB POWERED WIRELESS CHARGER

Power: 5VDC by USB

Operation Frequency: 106 KHz

This is a Plug and play USB powered wireless charger, the use case is very simple and convenient.

How to operate

Place your phone or other compatible device on the wireless charging area on top of JBL AUTHENTICS QI. The charging indicator lights turn white and flash on and off while charging.

Adjust the position of your phone if the charging indicator lights blink quickly. When your phone is fully charged, the charging indicator lights go off immediately.

Note: make sure locate your phone on below red area.

FCC AND IC INFORMATION FOR USERS

This device complies with Part 15 of the FCC rules, operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Caution:

Changes or modifications not expressly approved by HARMAN could void the user's authority to operate the equipment.

To ensure proper use of this product, please read the owner's manual carefully and retain it for future use. Should the unit require maintenance or repair, please contact your local JBL service center. Refer servicing to qualified personnel only.

The product may cause potential interference to your home electronic product.

Keeps this equipment operating with minimum distance 20cm between the product and other electronic product.

Please unplug the product from USB port if you don't use it.

Troubleshooting:

Adopt following measures by the user itself once the product is interfered.

- 1, Unplug USB cable and plug USB cable again.
- 2, If the product is getting high temperature, please stop using it, let it be colder and re-use again.

HARMAN International hereby declares that this equipment is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC and RoHS 2011/65/EU Directive. The declaration of conformity may be consulted in the support section of our Web site, accessible from www.jbl.com.

JBL Authentics Qi

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1)This device may not cause harmful interference, and (2)this device must accept any interference received,including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
