FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

GETTING STARTED

Remote Control

Vehicle

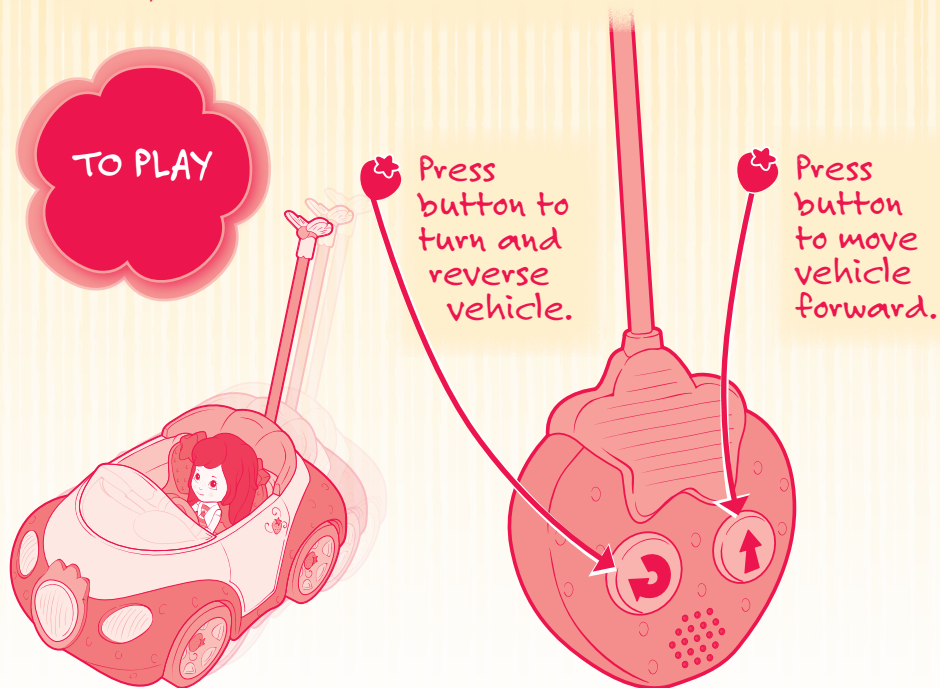

The remote control is packaged in "DEMO" mode. Activate its full range of features by moving the DEMO/  /ON switch to the "ON" position. Switch is located on the back of the remote control. The vehicle's ON/OFF switch is located on the bottom. Turn on the vehicle by moving the switch to the "ON" position.

 **TIP FOR PARENTS:** To turn off sounds for quiet play, move the switch on the back of the remote to the  position.

NOTE: When the vehicle's strawberry headlight is illuminated, that indicates that the vehicle is turned on. The vehicle uses battery power whenever its switch is in the "ON" position. To help conserve battery life, move the switch to "OFF" when you're not playing with the toy. The remote control has an automatic shut off feature.

TO PLAY

Press button to turn and reverse vehicle.

Press button to move vehicle forward.
