HOW TO SWITCH KEYBOARD LANGUAGE

Samsung Android: Shift +Space
Google Android: Ctrl +Space
Windows: Win+Space
iOS 8: Win+Space
iOS 9: Ctrl+Space

NOTE:

- 1. Only one device can be actively paired at one time.
- 2. For other Bluetooth enabled devices, please verify the Bluetooth standard & compatibility before attempting to connect to the keyboard.
- 3. After pairing for the first time, your device will connect to the keyboard automatically when opening the keyboard.
- 4. In case of connection failure, delete the pairing record from your device, and try the above procedures again.

POWER SAVING MODE

The keyboard will enter sleep mode after being idle for 30 minutes. To activate it, press any key and wait for 3 seconds.

HOW TO CHARGE

- 1. Use the included USB cable for charging. Connect one end to a USB charger, and the other to the keyboard.
- 2. In charging, the power indicator will turn red. Generally, it takes approximately 2 hours for a full charge. (charger is not included)

CAUTION

When not in use for a prolonged period of time, it is recommended that you turn off the keyboard to lengthen the battery life.

WARNING

- 1. Keep the keyboard away from sharp objects and liquids.
- 2. Do not place heavy objects on the keyboard.
- 3. Avoid extreme hot and cold temperatures.

TROUBLESHOOTING

If you are unable to connect the keyboard to your tablet, please try the following:

- 1. Starting with a full charge on both devices ensures that process won't be interrupted by a low battery.
- 2. Make sure your tablet's Bluetooth is on.
- 3. Make sure that the keyboard is within the effective operation distance of 33 feet (10 M).

SAFETY INSTRUCTIONS

- 1. Keep the keyboard away from sharp objects that could damage it.
- 2. Do not put heavy objects on the keyboard.
- 3. Do not stretch, twist or apply force to the keyboard.
- 4. To clean the keyboard, gently wipe it by using a moist cotton cloth.
- 5. Make sure the keyboard is turned off before cleaning. Do not use liquid cleanser.
- 6. Please do not spill coffee, tea or other liquids on the keyboard.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
