**Get started.**

1. **Plug it in.** Connect the custom power cable to Rest+ then plug it into your power outlet.
2. **Download the app.** Download the Hatch Sleep app to your phone or tablet from the Apple App or Google Play store.
3. **Connect your Rest+.** Follow the steps in the app to connect your Rest+ (2nd Gen). Setup will take about 10 minutes.

**Get to know your Hatch Rest+.**

**Nightlight Button** Press to turn on a soft white light.

**Brightness Control** Press to increase or decrease brightness.

**Charging Base** Doc your device here when it needs to recharge. Rest+ will continue to operate when not connected to power for up to 8 hours, depending on usage.

**Power Cable Port** Connect your device here.

**Touch Ring** Tap the touch ring to turn on your Rest+. Tap the touch ring again to cycle through light and sound favorites. Touch and hold the touch ring to turn off your Rest+.

**Things to try.**

- Cycle through favorites.** Tap the touch ring to cycle through light and sound favorites created to help aid sleep — yellow to red hues are recommended by experts designed to help promote sleep.
- Customize a routine.** Personalize a routine to fit your child's schedule, choosing from the range of colors and sounds in the Hatch Sleep app. Try the Time-to-Rise routine to let your child know when it's time to get up.
- Try Hatch Sleep Membership.** Make bedtime simple and fast with content designed to help kids wind down and dream. Try calming lullabies for babies, snoozy singalongs for little kids, and sleepy stories to help big kids fall asleep fast. \*Activate Hatch Sleep Membership in app.

**Recommended Favorites.**

Favorites are custom sound and color combinations you can play by tapping the touch ring. Try these favorites recommended by real Hatch parents and caretakers.

For Babies	Yellow Light + White Noise
White noise can mimic the sounds of the womb and block out unwanted noise.	

For Little Kids	Pink Light + Green Light
Little kids do well with visual and sound cues. Try pink for nap time and green for playtime.	
Soft Thunder	
Dinosaurs	

For Big Kids	Orange Light + Mindfulness
Help them wind down before bed with a mindfulness exercise to calm their body and ease anxiety.	
Orange Light

**Care and safety.**

**Care Instructions**  
Unplug Rest+ before cleaning. Clean the surface with a damp cloth, avoiding the power cable port.  
**CAUTION:** Rest+ may be damaged if the power cable port comes into contact with liquid.

**For Your Safety & Your Child's Safety**  
Always keep Rest+ at least three feet away from children as the cord can pose a strangulation hazard. Do not use near or place in water.

**IMPORTANT NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy if it is not installed and used in accordance with the instructions. If this equipment causes harmful interference in a residential installation, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
—Reorient or relocate the receiving antenna.  
—Increase the separation between the equipment and receiver.  
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
—Consult the dealer or an experienced radio/TV technician for help.

**FCC Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

—Consult the dealer or an experienced radio/TV technician for help.

**FCC Radiation Exposure Statement:** This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. ICES-003, RSS-247. This device complies with Innovation, Science and Economic Development Canada license exempt RSS standard(s). Operation is subject to the following two conditions:  
—This device may not cause interference.  
—This device must accept any interference, including interference that may cause undesired operation of the device.

The present device is conform with CNR d'Innovation, Sciences et Développement économique Canada and with the applicable radio exemption of license. L'exploitation est autorisée aux deux conditions suivantes:  
—L'appareil ne doit pas produire de brouillage.  
—Si le brouillage est produit, l'utilisateur doit immédiatement cesser d'utiliser l'appareil jusqu'à ce que le brouillage soit susceptible de compromettre le fonctionnement.

The device is in compliance with RF exposure guidelines, users can obtain Canadian information on RF exposure guidelines at: <http://ic.gc.ca/eng/radioteknologiques/rgs.htm>. Le présent appareil est conforme aux Exigences d'exposition aux champs électromagnétiques établies par IC. Les utilisateurs peuvent se renseigner sur l'exposition aux radiofréquences et la conformité et compliance d'acquérir les informations correspondantes. La distance minimale du corps à utiliser est de 20cm.
