Attach the TV Stand

CAUTION:

- Be sure to disconnect the A/C power cord before removing a base stand or installing Wall-Mount brackets.
- The screen display is very fragile, and must be protected at all times when installing the base stand. Be sure that no hard or sharp object, or anything that could scratch or damage the screen display, comes into contact with it. DO NOT exert pressure on the front of the TV at any time because the screen could crack.

Follow the illustrations and instructions below to complete the installation steps:

1. Carefully place your TV face down on a soft, flat surface to prevent damage to the TV or scratching to the screen.
2. Remove the 2 legs from the foam and then insert the legs into the bottom slots of the TV.
